C. W. SMITH

CONFIRMS THE SALE OF THE L. A. & S. G. V. R. R.

The Transfer Made January 1st, No Longer a Secret—800 Miles of New Road for Southern California—Some Important Railroad Facts.

C. W. Smith, first vice-president and general manager of the vast Atchison, Topeka and Santa Fé Railway system, reached this city yesterday morning, with his party, in two palatial special cars. They came from San Diego, and had been delayed one day by the ditching of a freight train in the Temecula cañon. The personnel of the party is noticed elsewhere.

A representative of THE TIMES found Mr. Smith yesterday afternoon in the California Southern Railroad offices, and, after the railroad magnate had attended to some personal business, an interview was accorded.

"How is THE TIMES?" said Mr. Smith. "You people are making an excellent newspaper—a live, progressive, intelligent paper."

"Thanks," said the truth-seeker. "Four or five weeks ago we published a statement that your road had bought the Los Angeles and San Gabriel Valley Railroad. Our esteemed, but ill-informed contemporaries made a considerable hullabaloo; said the sale might take place, but hadn't yet, and that we were 'too previous.' THE TIMES knew what it was talking about, however, and didn't think it necessary to take any back water. In fact, I believe we said that when you last went back East you carried the Los Angeles and San Gabriel Valley in your pocket."

"Well," responded Mr. Smith, "there was no need of backing down on that. The fact that we have purchased the road is no secret now. It was kept quiet at the time merely out of deference to the personal wishes of the former owners."

"When was the sale actually effected?"

"The road was transferred to us January 1, 1887," said Mr. Smith, laughing a little to think how long the date had been in coming out. "This gives us twenty-one miles of track there. We are now building the San Bernardino and Los Angeles Railroad, as you know, westward from San Bernardino. This will effect a junction with the San Gabriel Valley line at the present eastern terminus of the latter—the east end of the bridge across the San Gabriel River."

"It has been suggested," said the truth-seeker, "that the grades at the west end of the San Gabriel Valley road are pretty heavy, and that to avoid them you might possibly leave the present line somewhere east of Pasadena, come down across the Southern Pacific track in the vicinity of Shorb's, and into the city that way—that is, for your main line—and it seems as though nature had inevitably settled that the foothills route from San Bernardino is your main line into Los Angeles."

"You are right as to this being our main line," said Mr. [illegible] in the other proposition. We can use the San Gabriel Valley road all right. It is possible that we may make a loop, striking off from the present line near Monrovia, running just south of the Raymond, and returning to the present line near South Pasadena. That, however, will not be done at present. We will relay the Los Angeles and San Gabriel Valley track *at once*. You know they have 40-pound rails now. I shall have these replaced by 61-pound rails immediately. Yes, the price we paid for the road is a secret. The former owners so wish."

"Some days ago, Mr. Smith, an evening paper here stated that the Southern Pacific had bought or was going to buy the San Bernardino and Los Angeles Railroad. We didn't think it really worth while to contradict so absurd a story, knowing, as we did, the ownership of the San Bernardino and Los Angeles, and its object."

"You were right," said Mr. Smith. "When the Southern Pacific buys the Atchison, Topeka and Santa Fé system, it can have the San Bernardino and Los Angeles road, and not a minute before."

"You should have your connection made and trains running from here to San Bernardino over your own line within two months."

"Yes, sir, and we will."

"How about the situation at Santa Ana? The San Diego papers keep insisting that there are 1000, 3000 or 8000 Chinamen working on your new line from Santa Ana to San Diego [officially called the San Bernardino and San Diego Railroad], between Santa Ana and Oceanside."

Mr. Smith smiled in his quiet, pleasant way. "We have a good force of men there, and will push the work right through, but there are not 8000 nor 800 men there."

"I see Br'er Crocker magnanimously says that if he does buy the San Joaquin rancho, he will not oppose the passage of your road through it."

"Yes," answered Mr. Smith, "but he hasn't signed a contract to that effect yet. However, that will make no difference. We will go through there all right."

"How about this threat of the Southern Pacific to parallel your line along the foothills to San Bernardino?"

Mr. Smith smiled again. "We have no objection whatever. They can run a dozen parallel lines there, and it will not injure our feelings in the least. It will simply develop the country, and help us as much as it does them. I don't think there is any immediate likelihood of it, however. They have had surveyors out around the Raymond there for goodness knows how long, have run fifteen different lines, and still cannot make up their minds where they want to put a three-mile line from Shorb's to Pasadena. With all their maneuvering in the last year, they have not decided upon a single new line. If we had moved that way, there would have been a very different state of things here today. If we had never come over the Cajon pass, where do you think this wonderful development would be, which is now visible throughout Southern California? If we had not broken away from the pool last year, where would you have got that enormous incursion of visitors? The railroad development of the last two years has been the key to the universal development here. Southern California is a standing and expanding testimonial to the benefits of railroad competition. The end is not yet. *Before the first day of January, 1888, we intend to have 300 miles of new railroad running in Southern California*, in addition to the 231 miles (including the Los Angeles and San Gabriel Valley) which we are now operating. We believe in liberality as a policy. What develops the country, helps us. That has been the long established policy of our company, and we shall not desert it now. In Southern California we see a remarkable field; and whatever else may happen, we will never give up nor neglect Southern California. It is strange that the Southern Pacific has never seen the folly of its 'all-the-traffic-will-bear' policy. No, they never appreciated the value of a system of feeders, but have clung to a trunk line, and run that as though they were afraid it would do some business. It is so short-sighted. Now, they haven't lost a dollar by our coming here. On the contrary, the remarkable development of this country, consequent upon railroad competition, has so vastly increased business that while we have our hands full, they also are better off than ever before. That is the way those things work."

"We understand that if the Santa Fé system did not originate the Port Ballona railroad and harbor, it will certainly control both."

"Yes," replied Mr. Smith, "that is true. I am not a marine man, but I can see no reason why Port Ballona will not be a success. The only question is whether the channel will keep itself open; and from the configuration of the ocean bottom there I should judge it would."

"How about the matter of extending your line to San Francisco, Mr. Smith? I see some of the northern papers have discovered what ails us here, and want you to come up and help them out, too."

"If ever there was a section that showed the oppression of having but one railroad, that section is Northern California. You would be surprised at the great number of letters and propositions we are constantly receiving from people up there, asking us to come to their help. There is no immediate intention, however, to extend our lines far north. We have already a contract with the Southern Pacific, whereby that road handles our traffic between Mojave and San Francisco. If that contract is carried out in absolute good faith, it will suffice for the present. We have lived up to the very letter of it, but last year were dissatisfied with the Southern Pacific's conduct in the matter, which called forth our protest, as you know."

"How about the new name, 'Chicago, Santa Fé and California,' which has been reported as to be applied to your system? I have seen it stated in some local paper that the company could not adopt the new name without the loss of important franchises and charter rights."

"Oh, there is nothing in *that*," replied Mr. Smith. "The law allows the change of name, and we should lose nothing by it. The Chicago, Santa Fé and California is the name of the new line we are building from Chicago. We have discussed the advisability of applying the name to the whole system, as more convenient and more truly representative. We look upon Chicago as our eastern terminus, though of course we are now getting to St. Louis; Santa Fé is an ancient and noted, city, peculiarly representative of the country about midway in our line; and California, of course, is the golden State, whose name is in every one's mouth. The name Chicago, Santa Fé and California, therefore, would be a peculiarly happy one for our system. Whether we will adopt it or not, is a matter for future consideration. In the meantime the main line and its branches here in Southern California will all retain the names by which you now know them."

THE CHARITY BALL.

A Brilliant Social and Benevolent Success.

The third grand annual charity ball was given last night at the Armory Hall, under the auspices of the Ladies' Benevolent Society of this city. The affair was a success, in the full sense of the word. Fully 400 persons were present, many of whom were strangers, and nearly all took an active part in the dancing. In the matter of toilets the display was charming. It was, most unquestionably, as brilliant an affair as Los Angeles has witnessed, and there was as much refinement and elegance of attire as is often seen anywhere.

The grand march began at 9 o'clock, led by H. McLellan. This was succeeded by the following order of dances: Quadrille, waltz, polka, society quadrille, waltz, Saratoga lancers, polka, waltz, society quadrille, schottische, waltz, quadrille, gallop, Saratoga lancers, waltz, polka, waltz. The music was certainly all that could be desired. The playing for the "Myosotis" waltz was loudly encored, and was repeated. The Seventh Regiment band, under A. G. Bartlett, was very efficient. The following are the various committees to whom is due the success of the affair:

Board of Managers—Mrs. C. Ducommun, president; Mrs. B. Chandler, Mrs. A. L. Bath, vice-presidents; Mrs I. W. Hellman, treasurer; Miss Clara Wollweber, secretary; Mrs. M. Kramer, Mrs. Phil. Hirschfeld, Mrs. Dr. Edgar, Mrs. A. Clark, Mrs. W. H. Perry, Mrs. H. McLellan, Mrs. Samuel Hellman.

Reception Committee—Mayor W. H. Workman, Judge E. M. Ross, Messrs. A. Harrell, H. Macneil, J. V. Wachtel, J. de Barth Shorb, Hon. J. F. Crank, Messrs. J. B. Lankershim, E. L. Stern, M. Newmark, J. E. Plater, Henry O'Melveny, Hon. R. F. Del Valle, Messrs. E. Germain, A. Haas, Schallert, A. Solano.

Floor Managers—Mr. H. McLellan, Dr. W. L. Wills, Capt. W. Banning, Messrs. M. Langstadter, D. McFarland, F. J. Byrne, W. M. Caswell, H. J. Fleishman, S. B. Dewey.

Among the many who contributed to the general effect the following persons were conspicuous: Gen. Miles and wife, Capt. Lebo, Assistant Surgeon Wood, Lieut. McCaleb, Lieut. Goodwin, Mr. and Mrs. I. W. Hellman, Mr. and Mrs. J. B. Lankershim, Mr. and Mrs. B. W. Lee, Mr. and Mrs. Alex Campbell, Mr. and Mrs. C. J. Ellis, William Niles and lady, Mr. and Mrs. Dan McFarland, Mr. and Mrs. E. L. Deste, Mr. and Mrs. F. J. Teed, Mr. and Mrs. F. C. Woodbury, Mr. and Mrs. W. M. Friesner, Mr. and Mrs. A. J. Harrell, Mr. and Mrs. Mark Jones, Mr. and Mrs. Phil. Hirschfield, Mr. and Mrs. W. B. Caswell, Mr. and Mrs. W. D. Stephenson, Hon. H. T. Hazard and wife, Maj. W. C. Furrey and wife, Mr. and Mrs. C. H. Blake, Mr. and Mrs. J. E. Plater, Mr. and Mrs. W. C. Clinton, Capt. and Mrs. McFarland, Mr. and Mrs. J. Downey Harvey, Mr. and Mrs. Walter Maxwell, Dr. C. L. Wills and lady, Mr. and Mrs. Max Meyberg, Mr. and Mrs. L. Jacoby, Mr. and Mrs. Sam Meyer, Mr. and Mrs. M. Kramer, Mr. and Mrs. L. Harris, Mr. and Mrs. Parris, Mr. and Mrs. W. S. Fowler, Mr. and Mrs. L. Lewin, Will Childs, H. P. Lane, Mr. and Mrs. J. Koster, Mr. and Mrs. Huff, Mr. and Mrs. J. B. Wachtel, Mr. and Mrs. Lambourne, Mr. and Mrs. G. Christians, Misses Morford, Anderson, Montgomery, Maud Mansfield, Alice Gavitt, Cora Hodley, Eva Lothian, R. Lanfranco, Frances George, Bella Love, Mamie Meyer, Brown, English, May McLellan, McDonald, Fanny Wills, Kramer, Sallie Miles, Austin, Tubbs, Flash, Lizzie Dillman, Olveny, Sarah Dewey, Kittie Stoneman, L. Jones, Lizzie Detman, Mesdames Gen. Stoneman, Porter Ash, Cook, Marcus Jones, Moffit, Messrs. B. S. Stoneman, Eugene Germain, James Burdette, C. M. Stevens, L. J. Vignes, Banks Brown, Charles Raskin, James Love, U. S. Grant Mull and F. Thomas.

St. Vincent's Church.

The handsome new St. Vincent's Church will be dedicated next Sunday at 9:30 in the morning. It is at the corner of Washington street and Grand avenue. Father Morgan, of Wilmington, will preach the dedicatory sermon and Bishop O'Connell will officiate. Fuller particulars will be given tomorrow.

Alhambra's Celebration.

In spite of rain, the ladies are working hard to carry out the programme for the proper celebration of Washington's birthday.

WM. HENRY SMITH,

THE GENERAL AGENT OF THE ASSOCIATED PRESS,

Gives His Opinion of Southern California and Her Newspapers—A Pleasant Compliment—"The Times'" Telegraphic Service.

A TIMES man last evening called at the special car of Vice-President C. W. Smith, of the Atchison, Topeka and Santa Fé, for an interview with the railroad magnate's equally distinguished brother, William Henry Smith, who is the controlling mind of the greatest news-gathering institution in the whole world—the Associated Press. The party in the car had just finished dinner, and Mr. Smith gracefully yielded himself to the pencil. Being too old a newspaper man to need leading, he spoke easily and voluntarily of the subjects presumed to be of interest to Los Angeles readers.

"Of course, we all admire Los Angeles. That is the proper preface. We have enjoyed our trip much, though the weather has been somewhat unpropitious. I have been greatly impressed by the development here since my last visit, two years ago. It is noticeable on every hand. Two years ago there was not a hotel in Pasadena, and it was hard to get accommodations there. Today, as we came in, I could see the huge Raymond towering on its hill; and I have heard of numerous other fine hotels ont there. We could see, too, a really marvelous change in the whole San Gabriel Valley. We will probably go out over the San Gabriel Valley line tomorrow, and see the country at shorter range. I did not visit San Diego, two years ago, and was much interested, on this trip, in seeing its development and its possibilities. We have just come from there, you know. Besides the great enterprises at Coronado Beach, they are making some very important improvements in the city of San Diego itself—improving the water supply and the sewerage, and putting up handsome buildings. I believe San Diego county has a great future. The growth of general prosperity of Los Angeles city and county is marvelous. I believe the population of Southern California will be multiplied several times in the next five years.

"Yes; I think your newspapers, as a rule, are very creditable to your section. They have done a vast share in the work of building up this country, as enterprising papers have done everywhere. The newspapers of Southern California have done their work, for the most part, in an intelligent manner. Probably there has been overpuffing by some, which always injures the paper and the community. I think THE TIMES and the Herald are not only abreast with the town, but somewhat ahead of it. They are enterprising and not afraid to lay out money heavily for self-improvement. A real newspaper has to lead the community. It has to lay out more than is required in any other branch of business. You are awake to the requirements of the situation, and are making a good paper. Your telegraphic budget is heavy for a city of this size, and is a strong feature. Its superiority is marked. The Associated Press is the only institution in existence which even attempts to gather the news of the whole world—and we *do* cover it thoroughly. It requires a vast amount of labor and capital, as well as brains and experience. For that reason the association need have no fear of successful rivalry. We handle from 75,000 to 100,000 words of news a day in the New York office. The United Press Association, which supplies the Tribune, is a new institution, in no sense a rival of ours. It covers nothing outside of this country, and gets all its foreign news by rewriting ours the next day. It has really saved us some embarrassment, as there were one or two hundred small papers in the East which applied to us for news, but which we could not serve as exclusive franchises were already held in their respective towns. The formation of the United Press Association gave them news and relieved us of the embarrassment. By the way, it is a curious fact, Doctor [turning to Dr. Ransom, one of the party], that we often have news published in Los Angeles and other coast cities before it has actually happened in London, for instance. This paradox, of course, is due to the difference in time between London and Los Angeles. The coast papers also frequently publish their news a day ahead of the New York dailies."

A. Richardson, the energetic and valued coast agent of the Associated Press, came in from the north last night on business and was at the time visiting Mr. Smith. He will remain here a few days.

THE NEW JUDGES.

The Los Angeles Superior Court Now Filled.

The Associated Press dispatches announce that the Governor has appointed as additional Judges of the Los Angeles Superior Courts, H. K. S. O'Melveny and A. W. Hutton.

Judge O'Melveny is of Southern birth, being a native of Kentucky. He was educated at St. Louis, at St. Genevieve College, and practiced law first in Illinois, where he became Judge of the Circuit Court. He remained in this position till he came to Los Angeles, in

DIETRICH,

THE SLAYER OF SNYDER IN THE HANDS OF THE JURY.

Which is Very Certain to Disagree—The Evidence Presented Yesterday—The Case of the Defense, "Good Character," Etc.

At the opening of Judge Cheney's court yesterday the State rested, and the first witnesses for the defense were Mr. and Mrs. Jacob Amos, who live nearly opposite the saloon and whose testimony was identical. Being sworn, they both testified they saw the defendant standing outside, about fifty steps, talking in a loud way to someone in the saloon. When Snyder came out, Dietrich started and ran several steps and turned on Snyder. They clinched and fell together. Dietrich talked all the while. Heard no words after the two clinched. Heard Dietrich say nothing before Snyder left him lying on the ground.

George Dietrich sworn: Testified he was the defendant in this case. Was acquainted with Andrew Snyder ever since he came to Los Angeles. Met Snyder at Peter Mueller's saloon on the 11th of October, 1886. Came to the saloon between 7 and 8 o'clock. I asked for a glass of beer. Snyder gave me a glass of beer. I took my purse out of my pocket, paid for my beer and a dollar fell out on the floor. Fred Sommer picked the dollar from the floor and gave it to Snyder, and said there were four M's on that dollar. No one could find the four M's and I took the dollar and sat down on the table. Mueller came in and we played three games of cards when Mueller went out and Snyder took his place and we went on playing. I and Sommer lost three games and the others two; then we stopped. Then Mueller and I threw dice for a glass of beer and I lost. Then I paid for my beer—lost playing cards and throwing dice—it was 40 cents. I asked Snyder for my dollar. Mueller and the others went out. Then two young men came in and called for whisky. They got their drinks, and I called for my drink that was coming to me from playing cards. When they were drinking and I was going to drink my glass, Snyder got hold of it and the whisky was upset. When the whisky was upset Snyder said: "There's two bits worth of whisky gone, and you — of a —— can't get any more." I said I wasn't no — of a ——; that my parents were both living. Snyder came around the counter with his club and said I'll kill you yet, and jumped at me, but the two men prevented it. When Snyder went back with his club and I went to the door, almost, Snyder took a revolver and cocked it and said: "You — of a — I'll kill you yet." Then Snyder jumped behind the bar and came to the front of the saloon. The two men stopped him and I went away and out. Then Mueller came in the saloon, the other two men went out, and I went to Mueller and wanted to tell him what Andrew had told me without anything being done. Mueller threw me out doors. I said it is a nice thing if I pay my money with you and get throwed out doors, called a s—— of a b—— and killed with a club like a dog. If that's the case I never go into your saloon again in my lifetime. Then Andrew Snyder came from behind the bar with a revolver in his hand to watch me. When I ran out of the saloon I had on a wool jacket unbuttoned. When Andrew Snyder came to me he pulled me by my jacket and hit me with his revolver and I fell on the ground. He hit me several times with the revolver and the blood was lying all over my face. He kicked me in my belly and privates. I tried to protect myself the best I could and he said I'll kill you yet, you ——, etc. I didn't know where I was or who done it till two policemen took me up and to the station. I never had a knife and never carry one. I had no knife, and couldn't move when I was lying on the ground. Lay on the ground about five minutes. I didn't want no row or fight, and I always run off when there is a fight. I went away to get out of his way. I never had trouble before with Snyder, and was on good standing with Mueller for two years. Couldn't see Mueller or anybody; the blood was on my face only. I heard Mueller say to Snyder, "stop kicking me." I wasn't drunk. I had drank some, but knew what I was doing. I drank four or five glasses of beer and one whisky. Those two men went out of the saloon when Mueller came in. When I was two hours in the police station there came a reporter from THE TIMES. I told him Snyder was cut; that was all I knew about it. I was in business in winery business. Have been in California three years. Knew Mueller two years. Never worked with him.

Cross-examination: Welsh and Quinn asked for whisky after beer. I was playing cards when they came in. Couldn't tell for sure if Peter Mueller was gone when the two men called for whisky. Welsh and Quinn were in the room when Snyder came out with a club, it was after they had called for whisky. Those two men stopped him. He pointed a pistol at me while I stood in the doorway, it was a large revolver. It was the same one he kept behind the counter. I said, "when a person spend his money here he is a — of a —— to you." They called me a —— of a —— and I called them the same. I remember saying "—— of a ——" but don't know if I meant him or somebody else. I didn't ask him to come out. I always run when there's a fight, was excited and couldn't tell exactly what I said. The knife was neither dark or light. I can't see very well. When he took my coat and hit my head and I fell on the ground I hollered. Snyder lay on top of me and kept hammering me. I couldn't see any one else around. Couldn't say where Welsh and Quinn were standing. Saw no one else. Couldn't tell how far it was where Snyder caught me. My eyes were black and blue. I didn't see Snyder after he come out the door. I had no knife on me. The police could see my wounds. I am 34 years old. The injuries Snyder gave still hurt me when it is cold. I never had any scar on my head before October 11th.

Aug. Packert sworn: Said he knew Dietrich by sight. Saw him first time when hurt, lying on the ground at the saloon. He was full of dirt and blood. I heard him holler, and it sounded like a dog. I went to the place where he lay. There was blood on him. I recognized his voice.

Cross-examined: Did not examine his head; was not there till after the officer was half a block away.

Andrew Lindenfelt sworn: Said he knew Dietrich one and a half years. Knew the reputation of the defendant to be good.

Cross-examined: Said he never heard any one say the defendant's reputation was good or bad. Had a good deal of business transactions with him. Defendant was in two or three times a week. Had seen him when under liquor. Never saw him angry. Defendant is naturally a loud talker.

Jailer Thompson sworn: Said he knew Dietrich when he was brought to the jail. Had been bruised or scratched on his face and head. Had no physician for Dietrich.

Charles Bauer sworn: Said he knew Dietrich's reputation for peace and quiet was good. Never heard any one discuss the question. I have known him for two years; heard nothing bad. Have seen him when half drunk. Never heard him quarrel. He talked so loud once I told him not to do so, and he went out of the saloon. Never heard of Dietrich having any trouble anywhere else. Defense closed.

Prosecution introduced Aug. Barra, sworn: Said he knew Dietrich, worked with him in the New York brewery. When drunk he is quarrelsome, quiet when sober. Had severe quarrels with defendant, called me a s——of a b——. Dietrich had a row with the driver.

Peter Mueller recalled, said Snyder had nothing in his hand when he came back hurt. I had but one revolver and kept it behind the bar. It was in the drawer next morning when he came in. Snyder had nothing in his hand when he went out and never again went behind the bar. State here closed at 3 o'clock in the afternoon.

SNYDER'S DYING STATEMENT.

The following is the dying statement, slightly condensed, of the murdered man, made after the victim knew he was to die from the effects of a cut or stab in the abdomen, inflicted on him the night of the 11th of October, 1886.

I was in Cape Horn saloon about half past eight in the evening. Dietrich came in. I was barkeeper. After he was there a little while, I and Dietrich and Fred Sommer were trying to find four M's on a silver dollar. Sommer put Dietrich's dollar in his pocket. I did not know this till 9 o'clock. That is the regular time to close up. Before this time we played cards. After we had played, and Mueller, Sommer and Weber went home, I was trying to close up the saloon. I went and drew me a whisky, set it on the counter, and Dietrick threw it over. I don't know whether it was for fun or not. I drew another and set it on the bar, and Dietrick drank it. I said, "George, that won't do, that was two bits worth of whisky." Then he commenced raising —— and said, "you —— hungry —— if I didn't send you $50 back East you couldn't have come to California." He didn't send me $50. He abused me so much, one time after another, till I was trying to get out. Two Irishmen held me back. They had just come in. By that time Mr. Mueller came over to the saloon again. Just as Mr. Mueller came into the saloon, Dietrich came in again, too. Mr. Mueller took him by the arm and threw him out. Then he commenced calling me everything again, and said if I wanted to fight, to come out. So I went out. I thought he was going to fight in a fair and square way with the hands. When I came out, he ran a few yards ahead, just to get time to open his knife, then he ran after me, and I went after him. I gave him a good licking. We got into a fight. I saw the knife shining in his hand in the moonlight. After I saw that I hollered just as quick as I could for Pete Mueller. I was cut then already five times. George Dietrich is the man who cut me. There was no other fellow along. I went back in the saloon, and then opened my pants and saw my bowels hanging out. I did not see Dietrich after I went into the saloon. That is all I know about it.

GEORGE SNYDER.

The case was given to the jury just before 6 p.m. At 11 o'clock they had not agreed, and Judge Cheney ordered them locked in for the night.

New Patents.

Hazard & Townsend, solicitors of patents, report patents issued to Californians, Tuesday, February 8th, as follows: Horse-power, B. A. Lombard, Stockton; tent, M. P. McCoon, El Cajon; balanced slide-valve, A. J. Stevens, Sacramento; window-sash, Thomas R. Sweet, Paso Robles; collar-button, L. Baer; float for dredging pipes, E. Chacquette; programme alarm-clock, Ellen Cushing; spectacle frame, W. R. Johnston; filter, A. McLean and F. Cumming; hydraulic ram, John Richards; and trademark for a lotion, William C. Lynde, San Francisco.

Dots.

J. W. DAVIS, prescription druggist.

Tanall's Punch at P. O. Cigar Store.

FRANK ENGLER, pianomaker, tuner and regulator. 217 New High street.

W. N. DAVIS, M.D.,

45½ N. SPRING STREET,

Los Angeles, : : : California.

MEDICAL INHALATION COMBINED WITH CONSTITUTIONAL REMEDIES.

My treatment of the diseases of the respiratory passages consists in the employment of Medical Inhalation, for its direct effects on the diseased organs; and, at the same time, adopting such hygienic measures, and administering such medicines by the stomach as will most effectually purify the blood, give tone to the nervous system, and build up and strengthen the general constitution. In other words, I employ combined local and general treatment.

What is Medical Inhalation Before stating briefly what Medical Inhalation is, I propose, in as few words as possible, to state clearly what it is not.

Medical Inhalation is not a cure-all, a nostrum, or a panacea. It is not a Specific Remedy for any disease. It is not a quack medicine, advertised to cure any or all the ills that flesh is heir to, and intended to fill the pockets of its proprietors. It is not a talisman, whose possession insures health to its possessor without the intervention of either sense or judgment. Medical Inhalation is none of these things.

Medical Inhalation is simply and solely a method of taking medicines by inhaling or breathing them into the lungs, instead of swallowing them into the stomach. By Inhalation, the proper medicines are applied directly to the seat of the disease, in the nose, throat or lungs; and it is clear to every reasoning person how peculiarly applicable Inhalation is in the disorders of the organs named. If you have scalded or burned the surface of the body, or wounded any limb or member, you do not swallow the remedy intended to heal the disorganized tissue. On the contrary, you apply it directly to the seat of the wound or injury. Why, then, when suffering from catarrh of the nasal passages or throat, or afflicted with ulceration of the lungs, should you rely on medicines taken into the stomach?

Medical Inhalation not only applies the proper healing remedies to the seat of the disease, but it applies the remedy in the gaseous or vaporous form, in which form, as is well known, medicines act most powerfully. How much greater, for example, is the effect of a drachm of chloroform, when inhaled or breathed, than many times the quantity when swallowed into the stomach. The same is true of chlorine, of iodine, and of many other substances. By inhalation the medicine is not poured into the stomach, and thence sent wandering through the system in search of a malady, which may be mainly or entirely a local one; but by this method the proper remedy is applied directly to the diseased organ. Who, after studying the anatomy of the lungs, can doubt that in inflammation and ulceration of the air-tubes and air-cells, the direct application of the healing medicine by inhalation to the diseased parts, is the correct and rational method of treatment? Who, on the other hand, can be so irrational as to believe that the proper and direct way to reach the diseased surfaces of the air-passages, in this case, is by the way of the stomach? Physiology teaches us that the membrane, or skin, lining the air-passages of the nose, throat and lungs, is only a slightly modified form of the same structure as that which covers the external surface of the body. Why, then, should local treatment be proper and necessary for inflammations, congestions and ulcerations of the one and not be equally so in the case of the other?

My experience and success in treating diseases of the nose, throat and lungs, demonstrates, beyond all question, that the true scientific treatment of these diseases is that treatment which combines the local effects of medical inhalation with the constitutional effects of systemic remedies, given in the usual way by the stomach. Or, in both methods must be adopted as the circumstances demand, and such remedies must be employed as the experience and judgment of the physician have proved to be proper in each particular case.

MEDICAL ADVOCATES OF INHALATION.

Physicians who were educated twenty years ago or more, and who have not kept up with the times in the advance in medical science, have very little idea of the great importance all leading medical writers now give to Medical Inhalation in the treatment of pulmonary diseases. To such an extent is this true that no patient should intrust his case to any physician who is not well prepared and thoroughly equipped with everything necessary for the administering of the proper remedies by the method of Inhalation.

The numerous cures effected by Inhalation in cases seemingly past all help, and the uniform success attending its use in diseases of the respiratory organs, renders it obligatory on every honest physician to at once apply himself to gain a practical knowledge of the Inhalation, or, if that is not possible, he is at least bound to decline to treat such cases.

Among the most eminent physicians of the age who are fully awakened to the value of Medical Inhalation in these diseases are the following: The celebrated Dr. Burdon-Sanderson; Dr. La Roche, of the Paris Academy of Medicine; Dr. Frederick Langhaus, of Berlin; Drs. Klebs and Tommasi-Crudeli; Sir Archibald Dickson, of Edinburgh, Scotland; Dr. Eichler, Dr. Cameron, Dr. Gurdon Buck, Prof. Albert Lehert, the celebrated Dr. Hughlings Jackson, the venerable Dr. Robert Dickinson, Prof. Thierfelder, Spencer Wells, Dr. Hilton Flagge, Dr. G. P. Wood, Drs. Fritsch and Hitzig, Dr. Fothergill, Dr. Richard Thompson, Dr. R. S. Carpenter, Drs. Anstie, Ball, Fuller, Lancereaux, Krauss, Huguenie, Heller, Orth, Corrigan, Fenwick and many others. With scarcely a single exception every medical authority of eminence recognizes the wonderful potency of this new method, and the coming generation of physicians are certain to be thoroughly educated therein. At present it is only a few physicians here and there who have made "Diseases of Respiration" a life study that are fitted in any way to employ the wonderful resources of Medical Inhalation in the cure of these diseases.

THE CURABILITY OF CONSUMPTION.

For five years the celebrated Dr. I. H. Bennet was pathologist to the Royal Infirmary of Edinburgh, and in his great work on "Consumption" he makes the following statement: "During this period I made upwards of 2000 post-mortem examinations of persons dying from various diseases, and I was constantly meeting with cases in which I found cavities in the lungs from consumption, which had evidently healed up or cicatrized years before the death of the subject. Nature did not seem to have been successful in restoring the wasted lung-substance, but the cavities were dried up, the progress of the disease arrested, and the subject lived for years, with diminished lung power it is true, but otherwise in good health."

CONSULTATION FREE.

The West Coast Land Company now offer for sale in subdivisions

THE PASO ROBLES RANCH,

Of 20,400 acres, less 6000 acres sold to settlers in the past four months.

THE SANTA YSABEL RANCH,

Of 20,200 acres,

THE EUREKA RANCH,

Of 11,000 acres,

And 12,000 acres of the HUER-HUERO RANCH, all lying in a body, on the S. P. R. R., at its terminus in SAN LUIS OBISPO COUNTY.

These are agricultural and and fruit lands, in quality equal to any in the State, with an average annual rainfall exceeding that of Santa Clara county, and

REQUIRE NO IRRIGATION.

TEMPLETON, the present terminus of the railroad, less than three months old, has a population of over 300, a newspaper equal to any in the State outside of San Francisco, the Templeton Times; The Templeton Institute, established and primary department now open; the best hotel in the county and south of Salinas on the road, and lies central to these ranches and to

FIVE HUNDRED SQUARE MILES

Of rich agricultural and fruit land—the most picturesque section of country on the Pacific coast. Eight hundred acres have been subdivided into lots of from 5 to 12 acres each, adjoining the town and Templeton Institute, for the convenience of patrons of the school, and are offered at low prices and on same terms as ranch lots. The ranch subdivisions are offered at an average price of $30 per acre, and are equal in every respect and superior in point of climate and rainfall to lands in San Bernardine and Los Angeles counties, readily selling at from $100 to $500 an acre.

TITLE, U. S. PATENT.

TERMS OF SALE—One-third cash, balance in four equal payments, at 2, 3, 4 and 5 years; interest 6 per cent per annum. The mortgage tax paid by the mortgagee, make the interest about 4 per cent. net to the purchaser. A deposit of $25 will be required in all cases, to cover expenses of sale.

C. H. PHILLIPS, Manager,

West Coast Land Co., San Luis Obispo, Cal.

A new catalogue and maps showing the location of these lands, the town of Templeton, the 300 acres in 5 and 12 acre lots, and all the ranch subdivisions will be sent free on application.

230 N. Main St., And West End Temple-st. Cable Line.

MERWIN & HUBBARD BROS.

MERWIN & HUBBARD BROS.,

230 N. Main st., Los Angeles, and at west end Temple-st. cable line.

Real Estate on Monthly Installments.

Also, a Choice Tract of 90 Acres for Subdivision, and an Excellent Dairy, Corn & Stock Farm. For Sale Strictly on Their Merits.

No brass band at your expense, no free lunch, or houses given away, no by-bidding at auction sales, no lottery schemes required in selling property that has REAL MERIT; for those who reason for themselves and compare notes as to values and advantages of property we may offer over adjacent real estate. We are here to stay, have a due regard for public opinion, and, in the end, find it more pleasant and profitable to recommend such properties as have never failed to realize profit to purchasers. Among our best bargains are:

FIRST—An additional subdivision of 20 acres (the first 20 having been closed out at lower figures) lots 50 feet front, wide streets, 1 mile east of our city limits. GRAND VIEW of mountains north, valley and ocean south, portion of city west; perfectly level; the only tract east of city limits having ITS OWN RESERVOIR. Besides, these lots have a new well, 80 feet of excellent water, large windmill and tank, for domestic purposes, free. Twenty thousand dollars is now being expended under contract on grading Second street alone, to be completed in 70 days. Fifty acres have been donated for a magnificent college. It is between the proposed cable and electric roads (partly completed) not far from street cars now running. PRICE, $150 PER LOT. Terms, $30 down and $10 monthly installments; no interest. Valuable developments will be made within the next 30 days, after which prices will be advanced.

SECOND—A beautiful tract of choice land for subdivision of 90 acres. A grand view, nearly all level; no alkali or adobe land; near our city limits; has an over-supply of excellent water; in the line of march of valuable improvements, ONLY $400 PER ACRE. Terms to suit.

THIRD—One of the choicest dairy farms in this county, or unsurpassed for corn, alfalfa and stock; 144 acres, 12 miles from the city, on railroad, all fenced; good improvements, flowing wells, running stream; ½ in alfalfa. A great bargain; non-resident owner. Terms to suit.

WE HAVE ALL KINDS OF CITY AND COUNTRY PROPERTY FOR SALE.

HUMPHREYS & RIGGIN, No. 20 South Spring Street.

CO-OPERATION.

IMPORTANT BILL INTRODUCED BY STANFORD.

Speech by the California Senator on the Great Advantages Arising from Association in the Various Industrial Pursuits.

By Telegraph to The Times.

[The following dispatch was received at too late an hour for publication yesterday morning.]

WASHINGTON, Feb. 16.—[By the Associated Press.] Senator Stanford, today, in addressing the Senate upon his plan for industrial cooperation, said: "The bill which I have introduced provides for the association and organization of individuals, with or without capital. It gives no exclusive privileges, and is intended only to aid the natural right of association. In a large sense, civilization itself rests and advances on the great principles of cooperation. The industries and their beneficial results find their full development in association. Thus discoveries in art and in science are distributed and availed of, and they inure to the benefit of the whole community, often to the whole civilized world. So, the organization of individuals for a common purpose gives the strength and the capacity of the ablest to all in the association. The weakest, and the one of the least capacity is brought, in advantages, to the level of the best. The result of this association is to bring the individuals of the association closer to the entire fruits of their united industries. With greater intelligence, and with a better understanding of the principles of cooperation, the adoption of it in practice will, in time, I imagine, cause most of the industries of the country to be carried on by these cooperative associations. The cooperation of individuals in kindred pursuits would have the effect of furnishing from their variety of labor continuous employment. Thus, a combination of men could even do farming, rendering for hire their services to the farmers, and might find that continuity of labor so important to the laborer and so conducive to the maximum power of production of riches from constant employment. It is in the hope of strengthening and developing the intelligence and productive power of the individual without capital, or with but little, that I have introduced this bill, believing it to be one of the great steps toward the highest possibility of an abundance and comforts of life for every industrious and provident individual.

"I believe that cooperation will bring out the highest capacities of those engaged in it. It will impart to each individual the stimulus of knowing that he, or she, may enjoy the full fruits of his, or her, skill and energy, in this calling. In those countries where there is the most intelligence there is the greatest use made of labor-aiding machinery, and where labor-aiding machinery is used most, as in our country, there the compensation of laborers is largest. Even in Europe, those countries that make the most use of labor-aiding machinery have the best compensation for their labor. Occasionally there is evidence of apprehension that labor-aiding machinery may deprive the laborer of a demand for his services, but any apprehension of that kind must readily disappear with the reflection that the wants of humanity are as boundless as the intelligence and capacity to conceive. With the ignorance of the Digger Indian there are few wants, no intelligence to conceive, and the demand for the labor supply of others is of the most limited kind. The more intelligent people are, the greater are their wants, and with those increased wants the greater is the demand for labor and in the universality of labor, is the greater capacity of individuals and communities to make exchange of their productions. The principle of cooperation of individuals is a most democratic one. It enables the requisite combination of members and capital to engage in and develop every enterprise of promise, however large. It is absolute protection of the people against the possible monopoly of a few and renders offensive monopoly and a burdensome one impossible. The only possible monopoly with these laws in existence is one of beneficence, and to the extent that the wants and conditions of the people can be better supplied than by any other means. So far only can there be monopoly in our country under these laws of cooperation. One great advantage of associations of this kind, is that in case of disagreement or failure of individuals the organization goes on, and in this respect is freed from the disadvantages of an ordinary partnership. Besides, the diverse capacities of different individuals, whatever they may be, unite to make up a great whole of strength and of large capacity. Very many industries would be open to, and managed as well by, women in their cooperative capacity as by men. The moral influences of cooperation are very great. All in the organization are interested in the welfare and good conduct of every other member. All the good influences of the whole are brought to bear in favor of the individual, and all individual members unite to make the whole most powerful for the accomplishment of results."

Petty Thefts.

The stealing of small articles by sneak thieves is becoming a common occurrence. An overcoat left at THE TIMES office Wednesday night was stolen by an unknown person. The theft was reported to Officer Rulo, who found the overcoat at a second-hand store on Commercial street, and returned it to the owner, the thief escaping arrest by leaving for parts unknown.

Incorporated.

Articles of incorporation were filed yesterday by Semi-Tropic Land and Water Company. The object is to buy and sell land and water and water rights. The directors are H. C. Sigler, of Los Angeles; J. L. Merrill, of Des Moines, Iowa; G. D. Compton, of Los Angeles; George L. Joy, of Sioux City, Iowa, and Charles F. Pierce, of Los Angeles. Capital stock, $3,000,000; amount subscribed, $410,000.

Articles of incorporation were also filed by the Florida Water Company. It proposes to buy and sell water and water rights along the San Jacinto River in San Diego county. The principal place of business will be in this city. The directors are G. D. Compton, J. F. Holbrook and F. C. Howes, of Los Angeles; and James Kerr and M. G. Stone, of San Jacinto. Capital stock, $100,000; amount subscribed, $100,000.

Railroad Notes.

The Chronicle of the 12th says:

From the East comes the report that American tourists are not crossing the ocean this year in any great numbers. Steamship and railroad passenger agents there acknowledge that California has the boom this year on that class of travel, which has been greatly influenced by the cheap excursion rates made by the transcontinental lines. A gentleman from Los Angeles reports that he recently saw in one day 20 sleeping coaches filled with first-class passengers enter that city. The trains are returning East almost empty, many of the passengers remaining in Southern California, while thousands of them come North with the intention of taking the Central Pacific, Northern Pacific and Canadian Pacific homeward, or settling down and becoming permanent Californians.

A controversy has arisen between the Southern Pacific Company and the Atlantic and Pacific regarding Eastern excursion tickets. The Southern Pacific recently refused to honor such tickets issued by the Atlantic and Pacific on that portion of the route between Los Angeles and Mojave, the intention being to drive the Atlantic and Pacific excursion travel out of Los Angeles. Passengers leaving the Atlantic and Pacific at Barstow and going to Los Angeles on the California Southern found that on undertaking the trip to San Francisco, for which their tickets were "good," the Southern Pacific Company exacted local fare. There is no doubt, however, that the matter will be adjusted, as the Southern Pacific Company can not afford to lose the chance gained by the transportation of Eastern people to this city of sending them homeward over the Central Pacific.

Track-laying on the Newhall branch of the Southern Pacific will be resumed as soon as a shipload of rails, now on the way, can be rushed to the front.

It is reported that the Chicago, Santa Fé and California is to strengthen its Eastern system by the addition of the Indiana, Illinois and Iowa Railroad, of which it is about to gain control.

The Courts.

Judge Cheney's court was fully occupied yesterday with the Dietrich murder trial, a full report of which will be found elsewhere.

Philip M. Gaffey, a native of England was admitted to citizenship by Judge Brunson.

The following business was transacted in Jutsice Austin's court:

Charles Myers, disturbing the peace, set for February 19th; L. W. Robinson, grand larceny, examination set for February 23d; Paul Clements, false pretenses, set for February 18th, bail $500; Tsoy Yuk, demurrer sustained and charge dismissed, second charge set for February 18th; Hing Ship, misdemeanor, set for February 18th; Thomas Miller; petit larceny, sentence on February 18th.

Justice Taney gave James Kelly, a vag, two days to leave the town.

Remarks by Joe.

Now that our bridges are to be fixed, we hope that our good Mayor will see that it is done in a Workmanlike manner. Why not put all our tramps to work breaking stone and pave our streets and learn them what the Lord meant when He said, "By the sweat of thy brow shalt thou eat bread?"

The man in the postoffice string between hay and hell must be in the regions of purgatory, and we think that all a man's former transgressions ought to be forgiven after paying penance at the postoffice. JOE.

San Bernardino's Weather.

[San Bernardino Times, Feb. 15.]

Eleven inches of rain fell last night in the Cajon, and the California Southern track is in some places in the cuts deeply covered with mud. No damage has been done, however, and a few hours' shoveling will clean all out again.

The people west of town are nearly drowned out. A culvert through the railroad grade on I street, at the head of Fifth, pours the whole drainage of the surrounding country into town, and has swamped the blocks west of G street, so that people there are unable to leave their homes. Some measures should be taken to avoid this in the future.

People's Store.

Making up for time lost during the rain.

60c.—We are selling a line of 50-inch (guaranteed measure), all-wool ladies' cloth, of a very superior quality, all new, fresh goods and of desirable colors of gray, gray mixed, brown mixed, drab mixed and solid shades of black, brown, cardinal, garnet, mode, tan, beige, etc. All new spring shades included. Medical.

LASTING MERIT!

This supplemental testimonial proves the permanency of a cure when made by the "CARBOLIC SMOKE BALL" and "DEBELLATOR" treatment.

Read This First Letter.

SAN FRANCISCO, Dec. 10, 1886.

CARBOLIC SMOKE BALL CO.—

GENTLEMEN: Monday of this week our son, Willie, aged 22 years, called at your office and purchased a Smoke Ball after receiving a FREE TEST. He had measles when he was 3½ years old, and it left him with deafness in the left ear. When he reached home his father gave him another dose, and that night he got great relief, even so much the pain left his chest and he had a discharge from his ear, which had been very dry and had pained him very much for years. Our boy can hear now as well as any person living, and our family is overjoyed with the results of the treatment of the wonderful "Carbolic Smoke Ball." Hoping this statement will be the means of letting some other afflicted one know of the great efficacy of the "Smoke Ball," we are, very respectfully, ROBERT WINTER, Artist,

MRS. JOSEPHINE WINTER,

417 Montgomery st., room 18.

Then Read This Additional.

SAN FRANCISCO, Feb. 8, 1887.

CARBOLIC SMOKE BALL CO.—

I am happy to state that the cure of my deafness, mentioned and certified to by my father, and mother on December 10, 1886, is permanent, and I am improving rapidly in my catarrh. Very resp'y, WM. WINTER,

417 Montgomery st.

LOS ANGELES, Jan. 27, 1887.

GENTLEMEN: I have suffered for more than 10 years from the worst form of neuralgia, giving intense pain. I hereby certify that, after using your Smoke Ball for less than one week, I am entirely well and free from all pain. Every success to your "Smoke Ball."

Yours truly and gratefully, J. B. REED,

Cor. Budlong ave., and Adams sts., L. A., Cal.

We do not go abroad for proof of our assertions that the "SMOKE BALL" and "DEBELLATOR" treatment is the simplest, most convenient, sure and speedy cure for all Head, Throat and Lung diseases extant, and that the "SMOKE BALL" marks a new era in the successful treatment of Catarrh, Bronchitis, Asthma, Neuralgia, Deafness, Weak Eyes, Granulated Lids, Croup, Snoring, etc.

A FREE TEST given to all callers at rooms 3 and 4, over 28 N. Spring st., Los Angeles, Cal. "SMOKE BALL" and "DEBELLATOR" Package sent by mail, with full directions, on receipt of price, $5 (Smoke Ball, $3, Debellator, $2), and two postage stamps.

CARBOLIC SMOKE BALL CO.,

Rooms 3 and 4, over 28 N. Spring st., Los Angeles, Cal.

Address, LAMANDA PARK P. O.

Medical.

California Remedies of Sarsfield Remedies Co.

Sarsfield's Remedy for the Blood and Constipation.

Sarsfield's Remedy for Diphtheria and Pneumonia.

Sarsfield's Chronic Ulcer Salve.

These remedies are well-known in Central and Northern California, and are now introduced in the southern counties. The MAKING OF CERTIFICATES has related so largely to fraud that the public has naturally grown suspicious of them. But those here referred to are by such prominent citizens, of such irreproachable character, and the cures are so well-known, and the witnesses are so easy to reach, that we make the references without any hesitation:

MRS. H. C. GOODRIDGE, 23 Hawthorne street, San Francisco, 9 years a sufferer from chronic ulcers, and her case abandoned by physicians, permanently cured. Certified to by Mrs. Sarah B. Cooper, the well-known philanthroplst and president of the Kindergarten Association, San Francisco.

MRS. M. R. ADAMS, formerly of Sacramento, completely cured at the residence of her brother, Benjamin Welch, master car-builder of the Southern Pacific Company, Sacramento, of running sore on the arm of 8 years' standing, and that had nearly sapped her life.

W. S. DOAN, noted inventor of the steam wagon, Sacramento, 33 years of fever sores, cured in 40 days. Certified to by William Guttenberger, ex-City Trustee, Sacramento; Alex. Neilson, John Driscoll and H. G. F. Root, proprietor of the Union Foundry, and others.

JAMES MCCORMICK, vice-president Bank of Redding, Shasta county, 8 years' suffering from worst character of rectal ulcer, permanently cured in 3½ months.

W. A. DEAN, brother-in-law of M. H. de Young, of the San Francisco Chronicle, cured of aggravated piles and fistula in five weeks.

REV. J. T. HUFF, Turner Station, Or. (refers to Rev. Dr. Frost, Sacramento), cured of BLOOD POISONING of many years by use of the BLOOD REMEDY and SALVE. His letter is a remarkably warm indorsement.

We are also permitted to refer to Hon. Ira G. Hoitt, Superintendent of Public Instruction, Sacramento; L. A. Upson, Sacramento; A. D. Carvill, of Carvill Manufacturing Company, San Francisco; Judge George E. Williams, Placerville; Mr. and Mrs. Charles Lux (Lux & Miller), San Francisco; C. B. Corwin, 925 Market street, San Francisco, and a host of others as well known.

These cures have been made by the use of the BLOOD REMEDY and ULCER SALVE, which are HOUSEHOLD REMEDIES, etc., effective in impurities of the BLOOD and diseases of the LIVER and KIDNEYS, CHRONIC CONSTIPATION, PILES, FISTULAS, etc.

Manufactured and For Sale by the

SARSFIELD REMEDIES COMPANY,

115 EDDY STREET, SAN FRANCISCO, and by all reputable druggists. Price, $1 per bottle for the Blood Remedy and $1 and 50c. per box for the Salve, according to size.

Carriage Company.

POINTS OF THE MORNING'S NEWS.

Trouble with Apaches in New Mexico....Salisbury's Egyptian policy denounced....Hopeful outlook for California crops....Snow blockade on Central Pacific road raised....Nova Scotia wants to secede from the Dominion. Another comet discovered....Pugilist Sullivan's plans....An old newspaper suspends....Murder near Napa....Postal changes in Los Angeles county....The South Pacific Coast Railway's extension....Man frozen to death near Anderson....A bishop dying....San Diego's new dry-dock....Charges against San Francisco dynamiters....Provision for Gen. Logan's widow... Manning's successor not yet chosen....Proceedings of the California Legislature....Several trains wrecked by gale in Colorado.

"DEAD in the snow" is the sad tidings coming from the frigid flanks of Shasta.

UNCLOUDED skies and sunlit days have returned to us, and Los Angeles is herself again.

THE handsome sum of $64,000 has been raised by subscription for Mrs. Logan. *Bueno!*

A TERRIFIC and destructive gale is reported from the Northern Citrus Belt of Colorado.

SAN DIEGO is bound to have a dry-dock or blood. The thing ought to be easy enough in that rainless region.

A TENNESSEE comet sharp has succeeded in catching another by the tail. He will get a hundred dollars for its scalp.

MORE railway extension in Southern California. The South Pacific Coast line is about to be pushed still farther southward in Santa Barbara county.

SLOGGER SULLIVAN, the statesman of the mighty arm, has been addressing the country again on the subject of his fistic abilities. Mr. Sullivan wields a very eloquent fist.

JUST now the principal business of most California railroad lines consists in digging their tracks out of the storm's débris. The blockades have, however, been generally raised.

NOVA SCOTIA, tiring of Dominion rule, wants to secede and start business for herself. First thing you know she will be trying to "scrouge" into Uncle Sam's warm bed.

THE Oregon Railway and Navigation Company is now permitted, by an act which became a law without the Governor's signature, to lease its lines to the Union Pacific Railway Company.

ONE of the oldest papers in the Old Dominion, the Lynchburg Virginian, has yielded up the ghost, laid its aged head upon the imposing stone, and kicked the bucket. It fell down under a long-sustained attack of Bourbonism.

THE President announces that he is looking at Speaker Carlisle to find out whether he will fit Manning's shoes. What is the matter with Premier Bayard, Mr. President? or "Gentleman George" H. Pendleton? The latter's "snivel service" record would make the untutored and unterrified Democracy scream with delight.

SENATOR STANFORD'S remarks on his bill to encourage industrial cooperation will be found printed on one of our inside pages. Sometimes cooperation "goes," but more often it fails. The affairs of this life, in most of its departments, seem generally to require the services of commanders-in-chief. Every army has to have some privates.

THE President told an interviewing fiend that he had "not decided to go West." Mr. Cleveland should bear in mind that he who hesitates is lost, and make an early decision on the subject of his migration. He should, by all means, decide to come West and grow up with the country, for as a statesman from the bailiwick of Buffalo he is only half grown—only half grown.

THE Chicago Inter Ocean remarks: "The railroads which heat their cars in winter by other means than coal stoves, and light them by other agencies than coal oil, are going to be immensely popular in the near future. The traveler does not wish to take chances of being roasted as well as wrecked." What is the matter with a pipe-line connecting with running trains, and conveying thereto a *quantum suff.* of the glorious climate of C.?

Compliment to Los Angeles.

The people of certain other cities and towns of this State could not well pay us a higher compliment than they are doing in sending hither their emigrant agents to entice visitors away. One would naturally suppose that if they wished to increase their population in such a way they would send their agents to places beyond the Rocky Mountains, or to Europe; but no, they are content to persuade our eastern immigrants not to settle among us, but to go north for homes. Sacramento, Oakland, San José, San Luis Obispo and a few other places have chosen to resort to these peculiar tactics; but we can afford to treat our brethren of the north with politeness, even in return for such selfish conduct on their part. We have no apprehension but that the people will find out full soon the motives that instigate these peculiar emigrant-aid operations. The thing can readily be traced largely to the organs of the Southern Pacific of Kentucky. That company is so thoroughly consumed with jealousy of the opposition, or New England, railroad that it is just now cutting all sorts of antics for the popular amusement. It has even put its fares down to half price between Los Angeles and the north for excursionists, but we do not hear of any such display of generosity on the part of the Kentucky company toward excursionists from the East directly to Sacramento, Oakland or San José. Nor do we hear of any half-fare trains to Los Angeles from the Northern Citrus Belt. Not a bit of it. To reach any other sources of population except Los Angeles full fares are charged. Here have we not proof conclusive as to the parties who are at the bottom of these raids upon Los Angeles? But we have no fears, no misgivings as to the result. It is too plainly the offspring of unreasoning jealousy on the part of a railroad company that would have us, if it could, like the rest of the State, under its iron heel.

They Will Obey.

The Central Pacific Railroad Company, through Gov. Stanford, its president, and certain other large railway corporations of the country, through their agents and officers, have announced to the public that they will abide by the Interstate Commerce Bill, which has recently become a law. These unexpected announcements will have a tendency to allay the popular apprehension upon this important subject. The public mind may now rest in quiet, since those for whom this law of Congress was made are going to abide by it. The people are to be congratulated that *one* law of the nation relating to railroads is to be obeyed. The gratitude of the people toward our railway magnates will doubtless be commensurate with their magnanimity. It is so kind, so unexpected in them to yield obedience to this act of Congress, and so thoughtful in them to proclaim in advance their purpose to do so.

Had Gov. Stanford and others refused obedience to this law, the result must have been exceedingly disastrous. All of these many weeks of discussion over the subject would have come to naught; and President Cleveland's cogitation of nine days over the bill would have been all in vain. The fearful effect upon the nation of an adverse determination of the railroad men—who could have estimated it?

But hold: Let us take another view of the case. The person whose intention is flagrant to violate the law is generally the first and loudest in his professions of obedience to the law. He who in good faith expects to abide by the laws of his country has no motive for announcing that fact, *and never does.* If, on the other hand, it is his purpose to evade the law, that purpose would be, likely to result in a proclamation of acquiescence in order to throw the conservators of the law off their guard. If certain railroad companies had not, in the past, evaded their obligations to the public in every possible way, we might not suspect them of bad faith in reference to this Interstate Commerce Act; but there is nothing in their past conduct that is at all reassuring upon this subject.

Should President Cleveland, in making his selection of Commissioners under this act, be lulled to rest by the idea that the law will be obeyed by the railroad companies, voluntarily, and without the restraint of the Commissioners, he will commit the greatest error of his life. Gov. Stanford is so anxious to carry out the purpose of the Interstate Commerce Act that he wants Carpenter or Beerstecher to assist him!

THE American continent supplies three points of present international interest. These are the Canadian fishing coast, the Alaskan fur-seal islands and the Isthmus of Panama. The presence of the heaviest war ships in the French and British navy at the Isthmus and the suspicion of a purpose on their part to seize and fortify islands commanding the canal, have aroused Senators, and cause the forbidding and prickly points of the Monroe doctrine to bristle out "like quills upon the fretful porcupine." It will now be in order for certain Democratic journals to revive the preposterous braggadocio in which, in former years, they were prone to indulge concerning the much-vaunted and alleged Democratic doctrine of "Fifty-four forty or fight." As the Polk administration, which fathered that brave sentiment, backed down without fighting for "Fifty-four forty," the episode in our national politics is one that intelligent Democrats of good memory and ordinary discretion take care not to quote in a boastful manner.

THE San Francisco strikers pretend to say that the damnable dynamite doings were "a police plot" and a cable-company conspiracy against the honest industry of blowing up cars, tracks and people. This is plausible—very.

COUSIN BEN FOLSOM wants a modest $500 increase of salary so as to enable him to live and keep house in the style that befits a consul nearly related to the reigning American family. A New York paper accuses him of wishing to spend the amount "in organizing a base-ball nine."

C. W. SMITH, the brainy first vice-president and general manager of the Atchison, Topeka and Santa Fé system, is not generally communicative. He did talk to a TIMES man yesterday, however, and in another column will be found some very important news from him.

CHICAGO is getting aroused on the subject of her sewage. The Inter Ocean says: "It is almost incredible that a city of 700,000 people, growing more rapidly than any other city in the country, should sit quietly in the midst of its increasing filthiness through inadequate drainage, and make no effort to better the condition."

AN El Paso paper publishes with its subscription rates the following: "To any part of Mexico, $5 additional per year to cover postage." What kind of highway robbers are the Mexican postal authorities, anyway? Or is the above exorbitant charge simply a scheme of the able El Paso editor to cinch his subscribers under cover of a Mexican *serape?*

THE subject of electric lights is before the people of San Buenaventura. Two masts are considered insufficient by the Republican, which seems to think they would be so far apart that people would have to carry lanterns in order to find the masts. "Let the moon shine on!" cries the able editor. Luna now has the necessary permit, and can sail on.

IN the Assembly, yesterday, there was discussion over an amendment to the County Government Bill limiting the license that Supervisors may impose on a business conducted at a fixed place, to $120 a year. It was pointed out that this would apply to saloons, and the amendment was defeated—45 to 19. "Dad" Brierly lifted up his voice against the amendment.

A GOVERNOR HILL boomer has been polling the Democrats of the New York Legislature as to their choice of a candidate in 1888. There are sixty-six Democratic members. The following is the vote:

For Cleveland	6
Hill	20
Thurman	3
Cleveland or Hill	1
Cleveland, Hill, or Hewitt	1
Hill or Thurman	1
Hewitt	1
Non-committal	24
Absent	9

This shows Hill's expressed strength to be something less than one-third of the Democratic membership of the body. The weakness of Cleveland is notable and surprising, assuming the above figures to be correct. Unless the twenty-four non-committal brethren come to the front and help the President out, he will find himself "badly left" in the Legislature of his own State.

AMUSEMENTS.

THE CARLETON OPERA COMPANY.—Last night another crowded house witnessed the performance of the opera of *Erminie*, the production of which was noticed at length in these columns yesterday. *The Mikado* was very successfully presented at the matinée on Wednesday, the gorgeous costuming and original interpretation of this famous comic opera surpassing in accuracy of detail and general effect any previous performance of the piece here. It will be given again tonight.

PRESS COMMENT.

New York World: Now, that the Democrats have been beaten in Indiana and Virginia, it is more likely than ever that New York's electoral vote will decide the Presidential election of 1888.

How is it possible that any intelligent conjecture as to candidates for the next Presidency can be made without taking these mysterious and yet unknown forces, prohibition and labor, into consideration.

Kansas City Times: A canvass of the Kansas Legislature shows great strength for Cleveland and Blaine as Presidential candidates against all comers. John Sherman and Gov. Hill rank second. Senator Ingalls receives two votes and Senator Plumb one.

Pittsburgh Commercial Gazette: It is said to be probable that the final interment of Gen. Logan's remains will take place at Chicago on Decoration day. No more appropriate time could be chosen, nor one that could be more grateful to the old soldier's spirit.

Cincinnati Enquirer: It is funny to note how surprised they are up there in Chicago at discovering that Senator Farwell has both convictions and the courage of them. They do not seem to have realized that he would be as intelligent in politics as he has been in business.

St. Louis Globe-Democrat: James G. Blaine will be the easiest man to nominate and the hardest man to elect in 1888. John Sherman will be the hardest man to nominate and the easiest man to elect in 1888. This, in our judgment, is the slight difference between these two men.

Buffaloes Stampeded by a Storm.

[Chicago Herald.]

A sensation was caused at Painted Woods, Dak., 17 miles north of Bismarck, the other evening, by the appearance of a herd of buffaloes stampeding before the storm. This is the first herd of buffaloes seen in that country for over two years, and they must have been driven over 100 miles by the storm. They were going in a southwesterly direction and crossed the Missouri River about 10 miles north of Bismarck. It is estimated that the herd numbered over 300, and many of the animals were exhausted.

HEADLIGHT—PRINTING PRESS.

Visit of a Distinguished Party to Los Angeles.

Yesterday morning's belated train from San Diego brought in, with its other load, two fine special cars, occupied by a distinguished party. They are the private cars of C. W. Smith, first price-president and general manager of the Atchison, Topeka and Santa Fé system. Mr. Smith is accompanied by his wife and the following party: His brother, William Henry Smith, general agent of the Associated Press, with headquarters in New York; Mrs. W. H. Smith; Delavan Smith, son of William Henry Smith; George Blackney, superintendent of motive power of the Atchison, Topeka and Santa Fé system, with his wife; Dr. J. J. Ransom, of Chicago, chief medical officer of the system; Dr. W. S. Tremaine, of Buffalo, an old army surgeon who saw the inception of the Atchison, Topeka and Santa Fé, and has now come to inspect its latter progress, and two private secretaries. The cars lie sidetracked at the new depot, and as they are fully supplied with the comforts and luxuries, they are used as the hotel of the party. It is probable that a trip will be made over the San Gabriel Valley road today, and other points in this section will be visited before the party leaves for Santa Barbara next Tuesday.

Each member of the party is pleased with Southern California and its growth.

PERSONAL NEWS.

Judge D. P. Hatch went north last evening.

Justice C. S. Hussey, of Long Beach, was in the city yesterday.

Mayor W. H. Workman took passage for San Francisco last evening.

M. Butterfield and Simeon House, Danville, Ill., arrived yesterday.

Wendell Easton, of the Pacific Land Bureau, went north by rail yesterday.

P. Selling and wife, and Simon Selling, of Portland, Or., are at the Depot Hotel.

Mr. Stackpole, of the Atlantic and Pacific eating-house, went north yesterday by rail.

Charles D. Baker, the clever clerk of the Long Beach Hotel, was in the city yesterday.

R. H. McGinley, agent of the Bulon & McGinley Musical Company, is in the city on business.

John Hayne, Mt. Pleasant, Iowa; and H Strawser, Danville, Ill.; arrived yesterday, and are at the St. Charles.

John McLoughlin, the famous toy-book publisher, went east yesterday, after a short visit to the Pacific coast.

Charles F. Pierce, secretary of the Interocean Cold Storage and Steamship Company, of Riverside, came in yesterday.

Mrs. Ludwick and Miss Greely Grubbs, from Richmond, Ind., are expected in Los Angeles today from San Diego, and will visit some time here.

H. G. Burlingame, Misses E. M. and Anna Waterman, Newport, N. Y., and H. Cross, Chicago, are in the city, stopping at the new Depot Hotel.

Dr. T. G. Comstock, a leading homeopathic physician of St. Louis, came in with his wife yesterday on the Atchison, Topeka and Santa Fé excursion.

James Herrmann, brother of George Herrmann, real-estate man of Pasadena, is in the city on his return to San Francisco from Europe, where his law business took him some months ago.

At the St. Elmo: G. M. Remoyer, W. S. Stitt, M. A. Cohen, Chicago; J. T. Gaffey, Sacramento; John P. Sanborn and wife, Judge P. Thomas, Dr. C. M. Stockwell, Port Huron, Mich.

J. J. Fuller, U.S.A., Presidio; G. A. Richmond, M. B. Scott, George O. Richards, Wichita, Kan.; W. A. Kerr, San Jacinto, and J. J. Baldwin, Minneapolis, are registered at the Grand Central.

Mrs. Thomas Allen and daughters, St. Louis; John R. Butler, Albany, N. Y.; Theo. Irving, Oswego, N. Y.; Louis Belmont, Cincinnati, and S. P. Burnett, Grand Rapids, Mich., are at the Pico.

At the Natick: F. W. Dunbar, Chicago; Fred Foers and sister, St. Louis; R. M. Todd and daughter, Albert Lea Minn; H. V. D. Voorhees and wife, Galesburg, Ill.; R. A. Buchanan, Danville, Ill., and C. R. Harris, Wayne county, Ind.

Asst.-Surg. Leonard Wood, U.S.A., is for the present attending surgeon at army headquarters here. He is not only a good M.D. and a pleasant gentleman, but a robust and tough campaigner. He accompanied Capt. Lawton throughout the whole of the fearfully arduous campaign which ended in the capture of Geronimo and his band.

BRIEFS.

The Express makes out that Snyder killed Dietrich.

E. A. Weed's East Side Champion comes out tomorrow.

Come out this morning and get your mail from the East and North.

The East Los Angeles bridge will probably be ready for use today.

The Queen of the Pacific sails north today and the Eureka tomorrow.

Twenty feet of the Garvanzo bridge was carried away by the high water.

Pasadena is preparing to relay her water system, at an expense of $15,000.

A marriage license was issued yesterday to J. F. Reynolds and R. Alexander.

Col. Woodford lectures at the Fort-street M. E. Church this evening on temperance.

The Temple-street cable cars began running at 10 o'clock yesterday and are running all right.

The entertainment of Gelcich Relief Corps takes place in Campbell's Hall, East Los Angeles, this evening.

The confirmation of Master Willie Jereslaw will take place at the Synagogue Saturday morning, at 10 o'clock.

George Lands resisted an officer late last evening, but failed to regain his liberty till he deposited $20 at headquarters.

Capt. Henninger, of Carterhia, killed a monstrous mountain lion in the Sierra Madres the other day, eight feet long.

Owen Jones, for robbery, and A. C. Ray, needing medical attendance, are enjoying the safety the police station affords them.

The general committee of the G. A. R. desires all sub-committees to report on Saturday night at Capt. Barrett's office, No. 6 Court street, at 7 o'clock.

Rev. Dr. Schreiber will deliver his third lecture in the Synagogue, at 7:30 this evening, on the influence of Judaism on the Protestant Reformation. Subject: "The Talmud."

Fourteen hundred new boxes for the new postoffice have arrived and the entire number will arrive and be put in place in a very few days, and the building be ready for occupation.

The San Diego Union of Tuesday says: "It is said that the San Diego Agency at Los Angeles will be discontinued after March 1st, as there is not enough financial support received to warrant its continuance."

There are undelivered telegrams at the Western Union office, No. 17 North Main street for, Hugh Thomas, Fred Pray, Ed West, Mrs. Emma B. McGriff, James H. Morris, James Lee & Co., Mrs. Kebby, J. D. Hill, W. E. Guyett, W. E. Glassie, James F. Finn, C. A. Dilfin, J. F. Crosby, Mrs. S. C. Barden, Millie McBride, W. H. Burkhart, Henry W. Andrews, Vicente Flores, D. M. Vanbarenborg, Mr. Henaul, Rev. A. Wood, Frank W. Shawhouse.

In 1888 it would be a first-r8 idea to nomin8 as a candid8 for the office of Chief Magistr8 John Sherman, who represents the gr8 St8 of Ohio in the United St8s Sen8.

PACIFIC COAST.

New Mexico Apaches off Their Reservation.

Two Companies of Cavalry Sent to Head Them Off.

The Blockade on the Central and Southern Pacifics Ended.

San Francisco Strikers Say that the Recent Arrest of Dynamiters Was only a Police Plot—Good Crops in California Assured—Notes.

By Telegraph to The Times.

DENVER (Colo.), Feb. 17.—[By the Associated Press.] A Durango special to the Republican says: "The Jicarilla Apaches have become dissatisfied and are leaving their reservation in Southern New Mexico in large numbers for their old reservation in Southwestern Colorado. Their agent seems to have little or no influence in the matter, and two companies of cavalry have been ordered from Fort Lewis to Amargo to intercept them. Trouble between the Indians and the settlers is anticipated."

THE BLOCKADE.

The Work of Clearing Railway Tracks Almost Completed.

SAN FRANCISCO, Feb. 17.—[By the Associated Press.] No through trains reached the city today either by the Southern or Central routes, but the blockade is expected to be raised by evening. A wrecking train from Sacramento has gone into the mountains considerably further than Colfax, and this morning the postmaster was notified by General Superintendent Fillmore that the delayed train at Blue Cañon, carrying the Australian and four days overland mails, had started westward. The railroad managers are confident that all this mail can be turned over to the postoffice by 8 p.m., and the deputy postmaster has ordered every clerk to be on hand so as to be in readiness to dispatch the Australian mails. They will not be detained more than two hours, in which case the Mariposa will sail at about 10 o'clock.

On the Southern route every effort is being made to get the road in repair so that communication between here and Los Angeles can be resumed by tonight.

The blockade on the California and Oregon still continues. The road is not open beyond Dunsmuir. Passengers are snowbound at Dunsmuir and Edgewood. There have been many slides, and for this reason snow-plows have been unable to run to advantage. Superintendent Fillmore states that he expects the road to be open within 24 hours.

THE BLOCKADE RAISED.

SAN FRANCISCO, Feb. 17.—The snow has been cleared on the Central Pacific, and all the washouts are repaired on the Southern Pacific today. Superintendent Fillmore reports that all through trains on both lines will arrive here tonight.

COLFAX, Feb. 17.—The snow-blockade on the Central Pacific, between Alta and Emigrant Gap, was raised at noon today. The delayed east-bound overland trains lying here were consolidated into two trains and started eastward at 1 p.m. The delayed west-bounds that have been held at Cisco passed here in two sections at 4 p.m., and will arrive at San Francisco at about 11 o'clock tonight. The weather is clear and pleasant. The railroad company does not apprehend any further difficulty in keeping their road open.

SAN FRANCISCO, Feb. 17.—The first overland train on the Central Pacific Railroad since the interruption caused by the recent storm arrived in this city at 11:30 p.m. tonight.

THE DYNAMITERS.

Charges of Felony Preferred—Talk of a Police Plot.

SAN FRANCISCO, Feb. 17.—[By the Associated Press.] Charges of felony were this afternoon placed against Stietes and Dean, the striking carmen arrested yesterday. Complaint against them was sworn to by Chief Crowley and Capt. Lees and charges that Stiets and Dean did maliciously attempt to injure and destroy the rails, roadbed and track of the Sutter-street Railroad Company, and that they attempted to place obstructions in the form of a contrivance containing dynamite on the track of the Sutter-street road. Bail was set in each case at $10,000.

STRIKERS SAY IT WAS A POLICE PLOT.

The striking carmen say that the arrest of Stietes and Dean, the dynamiters, was the result of a conspiracy between the police and the cable companies to draw public support and sympathy from their 'bus line, and also to injure the carmen's benefit, which will take place at the Pavilion on the 26th. The executive committee of the striking carmen have adopted a resolution expressing the fullest confidence in the innocence of the arrested men, and requesting the public to suspend their judgment on the matter until such time as the details of the plot are placed before them fairly and impartially.

AFTER THE STORM.

Good Crops Assured Throghout the Entire State.

SAN FRANCISCO, Feb. 17.—[By the Associated Press.] This is the first clear day here during February. Rain has fallen on all preceding days of this month in this city, and in many portions of the interior. Sufficient rain has now fallen to make the crops safe throughout the State. Even where the least fell an average crop is assured.

GOOD OUTLOOK FOR FRUIT.

VACAVILLE, Feb. 17.—This was the first clear day in two weeks. The last storm gave us 9 inches; total for the season, 12.74. Last year at this time we had 30.70. The amount thus far received insures a bountiful fruit crop, however. The outlook for the cherry crop is especially fine.

SNOW IN THE MOUNTAINS.

DOWNIEVILLE, Feb. 17.—The average depth of snow here at the close of the recent storm is three and a half feet. The mining towns of the Northern Sierras are buried in snow. The miners are having the most severe season known for years.

DOWNIEVILLE, Feb. 17.—The heavy snowstorm since the 6th has just broken. It stormed for 15 days. There is three feet six inches of snow on a level here, and it is from 12 to 20 feet on the mountains above. No stages have got through for 12 days. All mails were interrupted until last night.

A Woman Murdered.

NAPA, Feb. 17.—News is just received that Pete, a Swede, hired on the farm of Herman Lyons at Wooden Valley, twelve miles from here, this afternoon killed Millie Lyons, the wife of Herman, cutting her throat with a razor. Lyons was absent. When he returned home Pete fired three shots from a Henry rifle at him, missing him. Pete escaped into the mountains. The Sheriff has just started for the scene. No cause is known for the deed.

FOREIGN AFFAIRS.

Salisbury Severely Criticised for His Egyptian Policy.

NEW YORK, Feb. 17.—[By the Associated Press.] The Star's London cable says: "The Egyptian question for the moment obscures all others. Lord Salisbury's policy is denounced by his own supporters as playing into French hands, estranging Turkey and strengthening Russia's position on the Bosphorus. The Standard, the personal organ of the group of the Prime Minister's colleagues, reviewing the situation, which it seriously declares to be critical, furiously attacks Salisbury for keeping his policy veiled in such impenetrable darkness. The government is described as drifting into danger without definite aims, whereas Turkey, France and Russia are united on the one vital issue of driving England out of Egypt. The other Tory journals make similar outspoken references to the situation, and call on the government to concentrate its efforts on the retention of the Suez Canal delta.

FORCES ON THE FRENCH FRONTIER.

"Further details of the French and German forces on the Alsace-Lorraine frontiers have been received here. The exact strength of all the principal frontier garrisons is given. The total German force within what is considered striking distance of the frontier approaches 100,000 men, and the French forces, similarly situated on the other side, are slightly heavier. The estimates of French strength near the frontier, published in Berlin, are shown to have been erroneously exaggerated."

Caught Another Comet.

ROCHESTER (N. Y.), Feb. 17.—Dr. Lewis, one of the directors of the Warner Observatory, this morning received a telegram from Prof. E. E. Barnard, of Vanderbilt University Observatory, at Nashville, Tenn., announcing the discovery last evening of another comet. It was very faint and was moving rapidly in a northwesterly direction. Its position was in right ascension 8h. 4m. 10s., declension south 16° 10m. This discovery entitles Prof. Barnard to another Warner prize of $100, making $1300 in all taken by him.

Another Railway Extension.

SAN LUIS OBISPO, Feb. 17.—The South Pacific Coast Railway, which now extends from Port Harford in this county to Los Alamos in Santa Barbara county, is about to extend its line to the southward, the exact distance being yet unknown. Surveying Engineer E. Y. Buchanan is here and is making the preliminaries for a survey. Manager J. M. Fillmore has the matter in charge.

Without the Governor's Consent.

SALEM (Or.), Feb. 17.—The bill amending the corporation laws of the State, so as to allow the Oregon Railway and Navigation Company to lease its lines to the Union Pacific, has became a law, Gov. Pennoyer having refused to sign or veto it.

Dead in the Snow.

ANDERSON, Feb. 17.—The dead body of James Brown was found near the Eureka mill, above Shingletown, 35 miles east of here, the day before yesterday, in the snow. He leaves a wife and three children.

An Old Journal Suspends.

LYNCHBURG (Va.), Feb. 17.—The Lynchburg Virginian, one of the oldest newspapers in the State, established in 1808, announced a suspension of publication this morning.

A Bishop Dying.

VANCOUVER (Wash.), Feb. 17.—Rt. Rev. Bishop Blanchet, first bishop of Nesqually, is on his dying bed. It is thought he can not live till morning.

San Diego's New Dry-dock.

SAN DIEGO, Feb. 17.—Fifty thousand dollars was subscribed here today to build the dry-dock.

CURRENT COMMENT.

This law "will squeeze all the surplus water out of stocks."—[New York Times.

It is not true that Brigham Young has risen. Coal has, however.—[New York Commercial Advertiser.

Universally resolved: That there is too much talk in proportion to dividends.—[Springfield Union.

The chances are that Cleveland will renominate himself in spite of his party.—[Leavenworth Times.

If we are to judge by the discordant and irregular flaps, the Democracy is all wings.—[New York Tribune.

It is thought that the whisky ring will try to nominate the next Democratic candidate for President.—[Atlanta Constitution.

Sam Jones declined to address a gathering of newspaper men. He probably thought that there was nothing about sin that they didn't understand.—[Philadelphia American.

Representative Frank Lawler, of Chicago, is fairly sizzling for war with Great Britain. It is believed that if Lawler's mouth could be chartered and set up as a sea-coast defense our unhappy country would be simply invincible against attack by any foreign foe.—[Philadelphia Press.

The unfortunate feature of the affair is that nine out of every ten of the Mormons would actually believe in the resurrection of Brigham Young, if their leaders should tell them it was true, and the consequences of such a belief might very readily be a religious war for the extermination of the gentiles in Utah.—[San Francisco Chronicle.

Is Patti's Face Never Washed?

[Mail and Express.]

A peculiarity in connection with Mme. Patti's toilet has been revealed. It appears that when the diva goes to her bath, which she takes about 5 o'clock on the evenings she is to sing, she never allows the water to touch her neck and face, although the rest of her body is religiously immersed. She has a singular theory that hot or cold water produces wrinkles, and it is certainly some sort of proof that her theory is correct that, in spite of being considerably over forty years of age, there is not a wrinkle upon her neck, throat or face. Of course she insists that she keeps equally clean by means of cold cream, which she uses in copious quantities, generally spreading it on her face and neck and leaving it there while her maid goes through the hair-dressing process, often a period of an hour or so. Then the cold cream is taken off very carefully with a towel and Mme. Patti considers herself washed.

The New York Senator.

[Chicago Mail.]

Hiscock is the handsomest man in Congress and will make an ornamental figure on the floor of the Senate. He could sit as a model of Jove, and the ladies like to look at him from the galleries. The first question asked by a lady visitor to the House of Representatives is: "Where is Mr. Hiscock?" and he is usually within sight, in one of his statuesque poses. When the Congressional Apollo is pointed out the lady visitor always exclaims: "Isn't he splendid?" Hiscock is as lazy as he is beautiful. He is languid, always tired. He yawns too much, and it takes too much steam to get him in motion. When he gets interested in debate or in a measure he has tremendous power, and has made some of the ablest speeches one can find in the Congressional Record; but the trouble is that he requires a month's rest after every hour's exertion.

Riding on the Rail.

[Ventura Press.]

Passengers on the railroad traveled under difficulties yesterday evening from the Sespe to Santa Paula on a handcar.

A GREAT GALE

Does Disastrous Work in Colorado.

Several Railway Trains Blown from the Track.

Slogger Sullivan About to Resume His Pugilistic Career.

Liberal Provision for the Widow of Gen. Logan—Cleveland Still Looking for a Successor of Manning—Postal Changes in Los Angeles County.

By Telegraph to The Times.

DENVER (Colo.), Feb. 17.—[By the Associated Press.] A light windstorm set in over the entire eastern portion of Colorado yesterday. Its velocity steadily increased until 4 this morning, when it reached sixty miles an hour, and continued until 2 this afternoon. In Denver many buildings were unroofed, smokestacks, chimneys, telephone and telegraph poles leveled to the ground, and plate-glass windows broken, causing a damage of several thousand dollars. Outside of Denver the casualties reported are considerably greater than in the city. On the Denver and Rio Grande Railway, four miles north of Colorado Springs, every coach of the north-bound Salt Lake express, consisting of two sleepers, two passenger coaches, and baggage and mail car, was blown from the track about 3 this morning. The mail car, with its contents, was destroyed by fire. Had the accident happened while the train was on the high embankment, a short way ahead, the loss of life would have been great, but fortunately the ground was perfectly level, and no one was injured. A freight train of twenty cars, side-tracked near by, waiting for the express to pass, was also derailed by the wind, and the cars were badly damaged.

A passenger train of three coaches on the Denver and South Park road, which left the Union Depot for Morrison at 8 o'clock, was lifted from the track by a terrific blast and hurled down an eight-foot embankment when about ten miles from this city. One passenger had a leg broken and several others were badly bruised. Near Como, on the same road, the Leadville express was blown over a bridge, and nearly all the passengers and trainmen were severely wounded and the coaches badly wrecked. All the incoming passenger and freight trains on the various roads are from five to ten hours late on account of the storm.

SLOGGER SULLIVAN.

Still Anxious for Fistic Honors in Spite of His Broken Arm.

NEW YORK, Feb. 17.—[By the Associated Press.] John L. Sullivan, the pugilist, came to this city from Boston, yesterday, to have his injured left arm examined by his physician, Dr. Sayre. He looked in first-class condition and seemed in excellent spirits. "I never felt better in my life," said he, "with the exception of this (throwing open his coat and exposing to view his arm, which was suspended in a black silk sling), and it doesn't bother me much, either. I can use it sufficiently to dress without assistance, and Dr. Sayre assures me that I will be able to go on the road on the 10th of next month. You can bet that I'll get square with the next man that stands up before me, and I hope it will be Cardiff. I have heard nothing from Smith or Mitchell, or their backers, but I'm anxious to fight both of them within two weeks of each other, but I want Mitchell first. I'll fight either of them for all or nothing and for any amount. Pat Sheedy will be here from Boston Saturday to arrange for the making of the champion belt to be presented to me by the citizens of this city, Boston and Philadelphia. The belt is to be made of solid gold without a bit of silver in it and will be set with 198 large diamonds. It will be the finest thing of the kind in the world. Dr. Sayre will break the plaster of paris on my arm tomorrow morning, and make an examination, after which I will return to Boston on the first train. My mother is very ill. I am not drinking a drop."

NATIONAL NOTES.

Important Postal Changes in Los Angeles County.

WASHINGTON, Feb. 17.—[By the Associated Press.] The special service has been ordered discontinued by the Postoffice Department between Pasadena and Lamanda Park.

The star service has been discontinued between San Gabriel and Duarte.

MRS. LOGAN WELL PROVIDED FOR.

CHICAGO, Feb. 17.—A Washington special says: "The grand total of Mrs. Logan's fund has been footed up. It aggregates $64,000, which includes $13,000 raised in Chicago, and that reported from all quarters. After the incumbrances have been lifted from Mrs. Logan's property here and in Chicago, there will remain nearly $35,000. This will all be put into United States 4 per cent. bonds in a few days, and will yield her a net annual income of about $1400. Mrs. Logan's real estate, outside of her home here, will bring the amount to probably $2500 a year. As she has no one dependent upon her, it will be seen that she can live very comfortably. She does not care to enter that swim of society she has been in, and so will not have special need for more.

MANNING'S SUCCESSOR NOT YET CHOSEN.

SAN FRANCISCO, Feb. 17.—The Examiner's Washington special says: "The President finds himself considerably embarrassed in his efforts to secure a suitable successor to Secretary Manning. He is thinking of going West for a man, and has now under consideration the names of Carlisle, Morrison, Hoadly, and possibly one or two others. He said in reply to a gentleman who asked him if he intended to appoint Carlisle: 'I have not decided upon anybody. I am thinking about Mr. Carlisle. If I go West he would probably be my choice, although I am not positive upon this point. I have not, however, decided to go West. If I do not I shall appoint a New York man, but up to the present time I have made no choice.'"

EXPLORER GREELY'S PROMOTION.

NEW YORK, Feb. 17.—The Tribune's Washington special says: "Capt. Greely is receiving dispatches and letters congratulating him upon his appointment to be Chief Signal Officer. He does not regard his new position and prospective confirmation as affecting in any way the project of transferring the work of the bureau to the civil branch of the government. Such removal, he thinks, would not affect the civil service proper. Some people think that the transfer project will result in a compromise. Their theory is that the Signal Corps will be placed on a civilian standing, with the commissioned officers as they are now, the bureau remaining part of the War Department, as is the case with the Quartermaster's Department."

THE ANTI-MORMON BILL.

The House has agreed—yeas 202, nays 40—to the conference report on the Anti-Mormon Bill.

PASSED.

The Senate has passed Hale's bill to provide for the increase of the naval establishment.

WISH TO SECEDE.

Nova Scotia Growing Tired of Dominion Rule.

CHICAGO, Feb. 17.—[By the Associated Press.] The Times' Halifax (Nova Scotia) special says: "The nomination of candidates for the Canadian Commons, which took place yesterday, was the occasion of large gatherings in the shire towns in Nova Scotia. The overshadowing feature of the day was the nomination of Liberals and Repealers, who are pledged to do their utmost to secure a separation of this province from Canada. In seventeen out of eighteen counties in Nova Scotia the Liberal candidates are in full accord on the secession movement. As in the provincial elections of last June, the secessionists will undoubtedly score a tremendous triumph. The representation of Nova Scotia in the next Dominion Parliament, numbering, altogether, 21, will be composed almost entirely of opponents to the Union. At the nominating proceedings throughout the country today the Liberal candidates delivered speeches denouncing the confederation as an accursed yoke which the people of Nova Scotia would no longer endure, and predicting the country's speedy precipitation into bankruptcy should the Tories not be ousted from power."

THE RAILROADS.

Travel At Last Resumed on All the Lines.

After an inconvenient, but by no means disastrous delay, all the avenues of railroad communication between Los Angeles and the outer world are again open, and travel is resumed. The California Southern was the first to get fully on its feet. It brought in an overland train, with mail, through the Cajon pass, reaching this city between 6 and 7 a.m. yesterday. At about 9 a.m. the express from San Diego came in safely. At 5 p.m. the regular Atchison, Topeka and Santa Fé excursion from Kansas City arrived. An alphabetic list will be found elsewhere. At 7:30 p.m. another express came in from the East, bringing in another overland mail. The road is now all right all around, and will run on schedule time today. The delayed Warner excursion, of which THE TIMES has printed the list, got in late Wednesday night.

The Southern Pacific was not much behind. The two trains expected to get in from the North early yesterday morning were delayed longer than was anticipated. The first arrived at 7:30 p.m. with fifteen cars, and was soon followed by the second, with five cars. This marked the opening of the blockade, these being the first cars through from the North since Monday. After the usual half-hour stop they proceeded East. At 8 p.m. the first north-bound train of the day started. It will reach Lathrop not many hours behind the two other trains which have started north since Monday. The road may now be deemed open, and trains in all directions are expected to run on schedule time today. The train which left Santa Paula (on the Newhall branch) Wednesday morning, got here Wednesday midnight. A train left here for Santa Paula yesterday.

The L. A. & S. G. V. R. R. ran two trains each way yesterday. Today trains will be run again on schedule time—five each way. A freight train will also be sent out.

SPIKES.

H. W. Pond, an official of the Santa Fé system, arrived yesterday in a special car from Topeka.

Don A. Sweet, assistant traffic manager of the Atchison, Topeka and Santa Fé, is in from San Diego.

W. D. Sanborn, general agent of the solid Chicago, Burlington and Quincy line, with headquarters in San Francisco, is here on business.

H. B. Wilkins, the genial general freight and passenger agent of the California Southern, was in the city yesterday, but starts this morning on a business trip to Chicago.

A. C. Armstrong, purchasing agent of the Atchison, Topeka and Santa Fé system, came in yesterday from the Villa. He is a very pleasant gentleman, and has a long-headed opinion of Southern California.

The Southern Pacific and the Atchsion, Topeka and Santa Fé are both running special orange trains regularly, and have mutually agreed to send no more fruit-cars East on passenger trains, except at double rates.

The first car of fruit prepared by the Interocean Cold Storage and Shipping Company, of Riverside, left there on the 11th, and was delivered to the consignees in Omaha on the 15th. The time between Riverside and Kansas City was three days and eight hours. The car went over the Santa Fé route.

KNIGHTS TEMPLAR.

Their Superb New Quarters in Bryson Block.

There are no handsomer and more convenient quarters to be found in the city than those now being fitted up for Masonic occupancy, in the third story of the fine bank building at the northeast corner of Spring and First streets. They are leased and fitted up by the Knight's Templar, who will not only use them for their own society work, but will also accommodate the other Masonic orders of the city. The main hall is in the front of the building, and is 56x39. It is a fine, high-studded apartment, richly frescoed and decorated, and expensively carpeted and furnished. The three chandeliers are of very unique design, and made of polished steel. The chairs and other furniture, all made to order in the East, are upholstered with fine blue plush. The walls and ceiling are decorated with emblematic scenes. This hall opens on the south into the elegant banquet hall, 44x20. Back of this is the little chapel, the furnishing of which alone will cost $300. There are also numerous roomy closets and dressing-rooms. Upstairs is the organ-loft, back of which is a comfortable room for the general secretaries. The Armory and Scottish Rite room are also on this floor, with dressing-rooms, etc. The quarters are elegant in all their appointments and full of conveniences. They will be dedicated March 1st, when there will be a grand Masonic rally.

THE WEATHER.

Synopsis for the Past Twenty-four Hours—Indications.

LOS ANGELES SIGNAL OFFICE, Feb. 17.—At 4.07 a.m. today the thermometer registered 40; at 12.07 p.m., 56; at 7.07 p.m., 50. Barometer for corresponding periods, 30.28, 30.24, 30.12. Maximum temperature, 59.0; minimum temperature, 38.0. Weather at 7.07 p.m., clear.

INDICATIONS.

SAN FRANCISCO, Feb. 17.—Indications for the 24 hours commencing at 4 a.m., February 18th: For California—Fair weather.

Wilson's Peak.

A party of government surveyors, accompanied by a photographer, are at work on a new government map of this section. They have mapped Wilson's Peak as Mount Kinneyloa, and there is great wrath in all the foothill country thereat. Mr. Wilson—for whom the peak was named—was an old pioneer, a member of the Legislature and a respected citizen. At an expense of thousands of dollars he constructed the famous Wilson's Trail leading up to the peak. The people do not take kindly to a scheme designed to rob an old and well-known landmark of an ancient and honored name and clothe it with an absurd new one.

STATE CAPITAL.

The Saloon Interest at Work in the Assembly.

An Ingenious Measure Introduced to Beat High License.

It Proves Transparent, and is Very Promptly Voted Down.

Passage of a Resolution Favoring the Election of United States Senators by Direct Vote of the People—Other News from Sacramento.

By Telegraph to The Times.

Senate.

SACRAMENTO, Feb. 17.—[By the Associated Press.] The Senate met at 10 o'clock.

Mr. Steele presented a petition in favor of the Sunday law.

The committee reported, without recommendation, the bill to establish the county of Glenn.

Assembly.

SACRAMENTO, Feb. 17.—The Assembly this morning passed the Colusa County Division Bill by a vote of 46 to 15.

Mr. Matthews of Tehama gave notice of a reconsideration.

Mr. Mahler's bill, appropriating $5000 to build a monument over the grave of James W. Marshall, the discoverer of gold in California, was taken up out of order, and the house went into Committee of the Whole, with Brusie of Amador in the chair, to consider it. The adoption of the bill was recommended by the committee and recess was then taken.

The consideration of the County Government Bill was taken up this afternoon. One of the amendments proposed was that by Mr. Henry of Butte, limiting the license that Supervisors might impose on a business conducted at a fixed place to $120 a year.

Mr. Variel pointed out that this would apply to saloons.

Mr. Ellsworth spoke against allowing saloons to run politics and dictate what members should do. He said the amendment was aimed at the protection of saloons. This course, he said, which is being pursued by saloon-keepers to escape licenses is making prohibition sentiment faster in the State than anything else could possibly do.

Mr. Henry said that in his county the Supervisors had raised the license on livery stables to $350 a year to compel the small stables to cease business.

Messrs. Brierly, Wright, Mathews (of San Benito) and Variel spoke against the amendment.

Messrs. Wright and Variel called attention to the abolition of all the license laws of the State, which would result from this amendment in order that the saloon men might be protected.

Mr. Brierly said that the saloon men and the people in Los Angeles are in favor of the high license tax of $50 per month imposed there. It has wiped out the lowest class of saloons.

Mr Hart of Colusa favored the amendment, and Mr. Lawrence, who did so also, said it would protect about 1000 of the smaller saloons in San Francisco, should a fanatical board of supervisors get in power there.

The amendment was defeated by a vote of 45 to 19.

The bill was ordered engrossed.

Mr. Renison introduced the following bill to prevent the adulteration of cigars, cigarettes and manufactured tobacco:

"Every person or firm who uses opium in the manufacture of cigars, cigarettes, smoking or chewing tobacco, with a fraudulent intent to offer the same or cause or permit it to be offered for sale as unadulterated with opium, is guilty of a misdemeanor. Every person or firm who knowingly sells, keeps or offers for sale cigars, cigarettes, smoking or chewing tobacco, diluted or adulterated with opium, is guilty of a misdemeanor."

The following joint resolution by Mr. Renison was adopted:

"Resolved, by the Assembly of the State of California, the Senate concurring, that our Senators and Representatives in Congress be, and they are hereby, requested to propose an amendment to the Constitution of the United States, to be submitted to the Legislatures of the several States for ratification, providing for the election of United States Senators from the several States by direct vote of the people thereof, instead of by the Legislature.

"Resolved, that His Excellency the Governor of the State of California be requested to send a certified copy of this resolution to each of our Senators and Representatives in Congress and to Congressmen and Senators-elect."

The Grain Markets.

CHICAGO, Feb. 17.—Close—Wheat: Firmer; cash, 73¾c; May, 91 3-16c; June, 91¾c. Corn: Irregular; cash, 34c; May, 39½c; June, 40⅝c. Oats: About steady; cash, 23⅛c; May, 28⅝c; June, 29½. Rye: Dull; 54c. Barley: Nominal; 50@52c.

Pork.

CHICAGO, Feb. 17.—Pork: Lower; cash, $14.30.

Lard.

CHICAGO, Feb. 17.—Lard: Easy; cash, $6.90; shoulders, $5.80@6.00; short, clear, $7.60@7.65.

Whisky.

CHICAGO, Feb. 17.—Whisky: $1.18.

Fresno County's Exhibit.

Visitors, health-seekers and home-seekers are invited to visit the rooms of the Fresno County Board of Trade, at No. 312 North Main street, to see the display of Fresno county products, and to learn of the inducements offered to those seeking homes. Especially are those invited who want a good California home, in a good climate, in a productive, healthy country, cheap.

Dry Lumber.

For some time there has been a scarcity of dry lumber in this city, but the Schallert-Ganahl Lumber Company, by a special effort, have succeeded in securing a lot of thoroughly seasoned rustic and finishing lumber, which they offer to the trade at their yards, Alameda and First streets.

Removal.

Parties having business to transact with Mr. Victor Beaudry or the Temple Street Cable Railroad Company will observe the notice of removal in another column. The engine-house designated is easily found by taking the cars at the corner of Spring and Temple streets.

Real-estate Investors

Should remember that T. Wiesendanger and W. H. Bonsall have moved into their new offices in the Bryson block. Consult them about choice bargains in real estate or shares in syndicates and incorporations controlling the same.

Eastern Visitors

Are cordially invited to call at the cosy rooms of the Riverside Agency, 230 North Main street, where they will find an exhibit of fine fruit it will interest them to examine.

The "Del Go-Shar" tract, at Alhambra, will be ready for sale on Monday, the 21st. This is the most beautiful tract that has been placed on the market, and the first purchasers will be given the advantages in prices.

Shirts made to order at Eagleson's & Co.'s, 50 North Spring street.

BUSINESS TOPICS.

You Must be Hard to Suit

If the attractions offered by the Mondonville tract don't satisfy you:

The beautiful city at your doors.
The lovely plains at your feet.
The immense ocean before you.
The picturesque mountains all around.

And above all, the salesroom of that charming place within your reach. Rooms 1 and 4, Postoffice Building.

Marble, Sandstone and Black Granite.

The Tehachipe Building Stone Company are now prepared to fill orders of any dimensions at short notice, to stone-cutters, contractors and builders, for their fine-grade gray marble, brown, yellow, green and white standstone and black granite from their quarries at Tehachipe. Excursion.

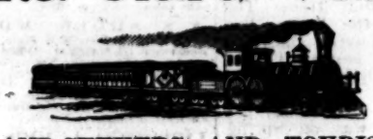
THIRD GRAND EXCURSION!

—TO THE FAMOUS—

Santa Clara Valley!



LAND-SEEKERS AND TOURISTS

SHOULD SEE THIS LAND OF VERDURE AND PERPETUAL SUMmer before locating elsewhere. Trains leave Los Angeles via Southern Pacific Company's Central California route at 7:30 p.m., THURSDAY, FEBRUARY 17th. Excursion tickets (good only on this train and date), for SAN JOSE and the FAR-FAMED SANTA CLARA VALLEY, at ONE PRICE FOR THE ROUND TRIP! Purchasers will receive rebate, $6.45, making the fare $15. Tickets good on any regular train for return on or before February 28, 1887. This will give all an opportunity to attend the GRAND CENTRAL CALIFORNIA CITRUS FAIR, which opened at SAN JOSE on the 7th inst. Also an opportunity to visit the world-renowned Lick Observatory, Santa Cruz Mountain Big Trees, and all points of interest in the Santa Clara Valley, so properly named by Bayard Taylor, "THE GARDEN OF THE WORLD."

Ample sleeping-car accommodations can be secured in advance. For further particulars call on or address,

E. R. MERRIMAN, Manager Los Angeles Agency, St. Elmo Hotel.

☞Tickets now on sale at 202 Main Street, Los Angeles.

Real Estate.

THE PALMS.

Ten Miles West of Los Angeles,
Five Miles East of Santa Monica.

No Cold Winters. No Hot Summers.

THE PALMS IS ON THE SANTA MONICA BRANCH OF THE SOUTHERN PACIFIC Railroad, has four daily trains, and is only ten minutes' ride by rail and thirty minutes by wagon road to the most popular seaside resort on the southern coast.

THE PALMS has the most even temperature summer and winter of any part of Southern California.

THE SOIL is a sandy sediment and loam of great depth, and is the natural home of the fig olive, lemon, lime, apricot and that class of fruit that brings the largest profit in the local market.

PURE WATER is taken from gravel beds from 30 to 100 feet in depth, and is forced into a cement reservoir of 150,000 gallons capacity, which is covered by a roof to keep the water pure and cool for domestic purposes.

—NO SALOONS AT THE PALMS.—

Deeds contain a forfeiture clause prohibiting the sale of spirituous liquors. Size of town lots are 50x150 to a 20-foot alley. Villa lots from 5 to 10 acres each. Trees will be set out in the parks and on each side of every street.

Parties from Los Angeles can take the 9:30 a.m. train at the Commercial-street depot and return on the afternoon train, which leaves THE PALMS at 3:15 p.m.

A Combination of Equal Advantages Challenged in any Part of the World.

LOS ANGELES OFFICE, 25 TEMPLE STREET.

CURTIS & SWEETSER.

OUR NEIGHBORS.

Alhambra.

BOOMS TILL YOU CAN'T REST.

ALHAMBRA (Cal.), Feb. 16.—[Correspondence of THE TIMES.] Apricot trees are in full bloom.

Since the rain our inducements to new settlers are no fog, no frost, *no dust*.

Our good people are patiently awaiting the appointment of a road overseer by the Supervisors.

The A. O. U. W. have contracted for the erection of a lodge hall to cost $2000.

A poetical granger in our midst feeds his cows on oranges and banana leaves, evidently with a view to the production of a ready flavored cream.

A petition has been forwarded to the great P.-M. G. at Washington, a humble request that Alhambra be made a money-order office, it already doing more than the required amount of business.

W. E. Fergurson is storm-bound in San Francisco. His friends are tranquil as to his safety, for like the wise man that he is, he disposed of a corner lot, investing the proceeds in a pair of rubber boots, and a fur collar to be sewed on his duster before venturing into the Northern Citrus Belt.

"Del-go-Shar," which in Persia is the signification of place of delight, is the appropriate name selected by Stuart and Adams, Dobbins and Rice, Judge Stone and Capt. Gray, for the lovely tract of land they will place on the market on the 21st inst. They feel it is too near Washington's birthday to utter an untruth, hence all intending purchasers may rest assured they have struck that "paradise on earth" so much written about as existing in Southern California.

With characteristic gratitude to the father of our country for the privilege he has given us to enjoy a free government, our citizens met Friday evening and resolved to celebrate Washington's birthday by an excursion by rail from Los Angeles. On arrival of the train at our depot all participants will be tendered a free carriage ride through our lovely town and adjoining orchards and vineyards. Following this delightful drive the ladies will be prepared to serve a bounteous lunch in the dining-room of the elegant new hotel now in course of completion. As the expense to visitors will be but 40 cents the round trip for railroad fare, it is anticipated that our capacity for entertainment will be tried to its utmost, for all of which we will be truly thankful.

H. W. Stanton, chairman; Capt. Gray, secretary, and W. H. Whittemore, as an executive committee, assisted by sub-committees, will carry out the arrangements. A ladies' committee on refreshments and decorations, with Mrs. Weeks as chairman, ably assisted by Mrs. Halstead, Mrs. Capt. Gray, Mrs. Whittemore, Mrs. Story, Mrs. Kingsley, Mrs. English, Mrs. Hawley, and the Misses Stoneman, Sofer and Adams, will leave nothing undone to carry out their part in the entertainment of our guests.

Alhambra is more than anxious to demonstrate on this occasion that she has all the requisites to substantiate the claim of being the handsomest suburb of Los Angeles, and when our guests have listened to the address by the Hon. J. De Barth Shorb they will know for a certainty that their welcome is genuine. YUSUF.

Santa Ana.

THE STORM—THE RAILROADS.

SANTA ANA, Feb. 16.—[Correspondence of THE TIMES.] To all appearances, the storm is over for the present. From Saturday night until Wednesday morning the rain was continuous, with few interruptions or let-ups. No damage has been done hereabouts, so far as can be heard, save the upturning of a few lemon and orange trees. The Santiago creek and the Santa Ana River have both behaved admirably and kept within their banks. Two or three rumblings of thunder were heard during the storm.

The mud on Fourth street today reminds one of what it was on Spring street before the present rain. The country roads south and west are a little bad, but are drying off fast. Notwithstanding the much rain, several parties kept irrigating until Tuesday evening, and then gave it up that nature could beat them.

Railroad surveying parties have tried to work down below Santa Ana during the week, but it has been slow work.

The sale of the San Joaquin ranch to the Southern Pacific Railroad Company does not yet seem an accomplished fact. There is a report that this company has purchased ten acres of land from James Rice, just northeast of Tustin, for depot purposes. The Atchison Company will build their road about a mile and a half south of the burg.

Business in real estate has been rather quiet for the past few days, but real-estate agents are happy and hopeful over the bright prospect.

Dr. H. R. Kelly, from Ohio, who recently bought Dr. Cross's brick residence, will return to Ohio in a few weeks to sell his property in Gallon, O., and will return here next fall for permanent settlement.

Quite a number of Buckeyes are locating hereabouts.

Cards are out for the marriage, on the 22d inst., of Miss Lottie Snow, daughter of H. K. Snow, Esq., to Dr. Mark Patten, of Ventura. NEWTON.

Wilmington.

ANOTHER SCHOONER BEACHED.

WILMINGTON, Feb. 17.—[Correspondence of THE TIMES.] THE TIMES every day is good.

No washouts in this vicinity.

Wilmington is on the edge of a big boom. The large ranches all around are being sold and subdivided into small tracts, and sales are reported lively and increasing.

A letter from William Glassford, formerly station master here, informs us of the death of his wife, from congestion of the lungs. Mrs. Glassford had many friends here, who will deeply regret her early demise.

THE TIMES has already noted the recent disasters to the shipping at San Pedro, to which we will only add the intelligence that the large three-masted schooner Cruiser, which was supposed to be riding safely at anchor in the new Ballona Harbor, is now safely beached at San Pedro without her anchors. [She had dropped down to San Pedro some days ago, and anchored.—[ED. TIMES.]

The masquerade ball last Friday evening was a complete success, and another, or something like it, is to be given next Tuesday evening for the benefit of the Catholic Church.

Miss Maud Higbie, sister of Mrs. Dr. Brown, who has been visiting here the past ten months, departed for her home in Macon, Mo., last Monday, much to the regret of her numerous friends here.

One of the Rev. Linsley's horses met with a serious accident in the hands of a neighbor last week, which will incapacitate him for driving for some time and delay somewhat the reverened gentleman's departure for Tulare county.

There was a pleasant gathering of invited guests to a tea at Dr. Brown's last Saturday evening, composed mostly of ministers and M.D.'s—three of the former and two of the latter. Mrs. Brown did the honors gracefully and was ably assisted by two charming young ladies, Miss Higbie and Miss Garrison. Mr. and Mrs. Van Valkenburg were also present. "SUB."

All parties concerned in planting shrubbery, roses, etc., are specially requested to visit Leigh Overman's Nursery Depot, corner Temple and Fort streets, where they will find not only the largest variety of roses in Southern California, but an endless variety of choicest shrubbery, clematis, etc., to select from.

Mrs. Dr. Wells, Woman Specialist,
The first lady licentiate of Kentucky, many years of successful practice in prolapsus uteri, ulceration, leucorrhœa, ovarian diseases, irregularities—relief and radical change felt from the first treatment. No. 341 S. Spring st.

Elsie Reynolds holds religious services and spirit materialization on Wednesday, Friday and Sunday evenings, 355 South Spring street.

Notary Public.
W. R. Burke, Notary Public, 55 North Spring street.

Real Estate.

THE WRIGHT TRACT!

This fine property is situated on the corner of Figueroa and Washington sts., and contains

30 LARGE LOTS. 30 LARGE LOTS.

Two street car lines pass the tract. All lots front on 80 and 100-foot streets. It lays from one to three feet above the street, and is as fine residence property as any in the city.

Also FOUR LOTS fronting on Figueroa st., 60½x176, in the Judson Tract. Very fine lots.

Also TWENTY-EIGHT ACRES at Santa Monica of beautiful rolling land, with fine views of the sea and surrounding country.

WILLIAM WRIGHT, Owner.

LOS ANGELES PRINTING COMPANY, 221 N. Los Angeles street.

PIEDMONT HEIGHTS.

Piedmont is situated at Sierra Madre, 16 miles northeast of Los Angeles, about 1¼ miles north of Santa Anita Station, on the L.A. & S.G.V.R.R.; and, as its name indicates, is at the foot of the mountains. It is a gently sloping ridge, facing the south, about 20 rods in width, and has the

MOST EVEN-TEMPERED CLIMATE IN SOUTHERN CALIFORNIA.

There are 5° to 8° difference here in less than 10 rods. This is not owing to the altitude, but to the conformation of the mountain north of it. Persons with tender throats or weak lungs can here, to a great degree, escape the damp and chilly nights of the valley below and draughts of mountain cañons east and west.

These FACTS can be fully demonstrated by any one spending a night or two here during the cool season.

Sierra Madre has

LESS FROSTS, FOGS, MUD OR WIND STORMS

Than any other place I know of. The view from Piedmont is as fine as one could wish for.

This place is above the Sierra Madre water system, and has an independent water right of its own, and will supply each resident lot with three times the water of any other lands in this vicinity.

There are only about 15 of these choice lots on the market, and happy will be the individual who gets one.

For particulars inquire of the owner on the premises.

There is a hotel on adjoining lot.

Address,
A. D. TRUSSELL,
January 17, 1887. Sierra Madre, Cal.

FOR SALE.
—BY—
RUDDY, BURNS & SMITH.

Four lots, cor. Orange st. and Vernon ave., $4000.

Lot in the Truman tract, near Ninth st., $800.

125 houses in all parts of the city, at prices varying to suit all.

Land on Boyle Heights at $500 to $2000 per acre.

Building lots in all parts of the city.

FOR SALE,

THE BONNIE HIGHLAND FRUIT RANCH AT DUARTE,

Containing 20 acres, together with 20 shares water; the trees are large and of the improved varieties; it will pay a large per cent. on the investment; large oak trees about the house and yard; this is one of the choice homes at the foothills, a very healthful and central location, opposite the postoffice; convenient to depot; soil rich and easy to handle; the orange crop now nearly ready for market; can give immediate possession. Address the owner, GEO. W. STIMSON, Pasadena.

Real Estate.

H. H. WILCOX.

SPECIAL LIST.

No. 898—10 acres on Washington st., a short distance from the new street car line, now being laid; house of 6 rooms; well, windmill and tank; small barn; 300 bearing apple and peach trees, 70 orange trees, 2 acres vineyard and a variety of small fruits; place is well fenced, well improved and among the most beautiful for a home in the county; price $8000

No. 1033—6-room house, neatly finished, barn, chicken house, corral, water in house, fine lawn, trees, flowers, etc.; lot 60x160, one block from street cars. 2700

No. 1024—Dwelling, new, 5 rooms, bath and closets; splendid location; fine view; lot 60x120 4500

Choice building lots in the Aurora tract, on the new street car line on Washington st. Cheap and on easy terms.

Call at our office and we will drive out with you to the Acme tract and show you those fine, sightly lots, at a bargain.

57 acres choice land near end of electric railway and adjoining Arlington Heights; very desirable for subdivision into acre lots for villa residences; will be sold at a bargain.

No. 1016—Ten lots in the Judson tract, at from $1600 to $1500 per lot.

No. 608—Fine ranch, near city, 107 acres, all level land, fine soil, small orchard; house of 6 rooms, good well, windmill and tank, barn, corrall, shade trees, etc., a bargain for a few days only, per acre 55

One hundred acres very choice foothill land, free from frost; desirable for raising winter vegetables; requiring no irrigation; the finest land in the State; improvements; will divide it; 2 miles from city limits; on payments; per acre 300

This land is susceptible of a high state of cultivation; will produce from two to four crops per annum, owing to the variety planted, such as melons, potatoes, tomatoes, peppers, peas, beans, cabbages, etc.; $100 per acre net profit is but a fair estimate on each crop; this sum was realized per acre the present season from this winter vegetable land; winter tomatoes will yield much more than $100 per acre net, and melons and potatoes will average that amount; we plant tomatoes in August, potatoes in October, November and January, and then follow with melons, on the same ground, which will bring a return of $100 per acre net, without one drop of water; this soil will remain moist the entire year by proper cultivation; ten acres will make a man wealthy in a few years if properly cultivated; must be seen and investigated to be appreciated.

Part of the above tract has recently been sold to parties who will at once erect residences thereon.

Twenty acres on Pico st., at terminus of the electric railroad; suitable to subdivide into lots; for sale at a bargain.

Twenty-three acres near Ellis Villa College; beautiful and elevated; very desirable to subdivide into city lots; the best bargain in Los Angeles; for sale, cheap.

Those fine University lots 65x130 ft., fine soil, very desirable location, having the new University of Southern California, church, store, postoffice, two lines of street cars completed and another line soon to be built; splendid residences, excellent society and the finest drive in the city, at the very low price of $500 to $600 per lot; terms easy; if you see these lots you will purchase them.

A few choice lots on Ocean View ave., Nob Hill tract, cheap.

A few fine building lots on Grand ave.

We have a very large list of very desirable property of all varieties, as cheap as any in Los Angeles. Give us a call before purchasing. We will gladly show you what we have for sale, and we will not knowingly misrepresent to any one. If you have desirable property for sale at a fair price, leave it with us. We are selling more property now than ever before. We are not retiring, nor are we tiring. We keep our office open and warm evenings for the accommodation of working men and strangers, and to all who will give us a call we say, welcome. H. H. WILCOX

34 N. Spring st.

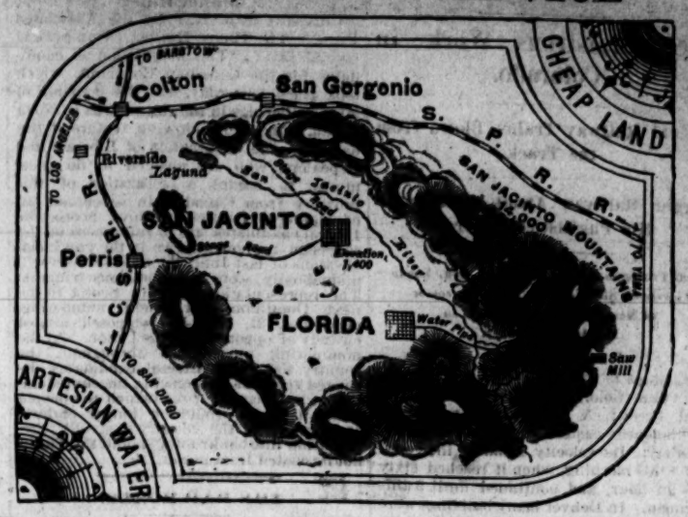
PRICE, $10,000.

JOHN MEADE.

Real Estate.

HONEST, SOUND ADVICE



To Persons Seeking Homes in Southern California:

The undersigned citizens of San Jacinto

WILL PAY THE EXPENSES

Of any person or persons to

The Great San Jacinto Valley

IN SAN DIEGO COUNTY,

And return, if the following statement is not true:

Compton, Kerr & Griffin, Real Estate Agents.
McCormack & Weber, Wagons, Buggies and Implements.
W. T. Merchant.
G. H. Phar, Postmaster.
N. Mitchell, Hotel Keeper.
Villinger & Fairchild, Real Estate Agents.
F. W. Siefkes, Watchmaker and Jeweler.
C. F. Niece, Druggist.
J. G. Reinhardt, Hardware and Stoves.
J. A. Green, Banker.
B. B. Knapp, Harness and Saddles.
J. F. Shultz, Machinist.
O. A. Munn, Attorney-at-Law.
J. Ryan, Furniture, Carpet, etc.
Y. D. Harrington, M.D.
M. G. Stone, Capitalist.
H. T. Hewitt, Merchant.
J. Brinton, Orchardist.
Francisco Estudillo, Capitalist.
Alex Edwards, Farmer.
John McLaren, Capitalist.

THE SAN JACINTO VALLEY,

Is eighty-five miles east of Los Angeles, twelve miles south of Beaumont (formerly San Gorgonio), on the S. P. R. R., sixteen miles east of Perris, on the C. S. R. R., and daily stages to and from these points; climate genial and dry—being fifty miles from the coast. Throat, lung, asthama and catarrh troubles are benefited, and many chronic cases are permanently cured. Productive land ranging in price from $15 to $100 per acre, for fruit, agriculture, grazing, etc. Alfalfa cut five to seven times a year there. The orange, lemon, fig, apricot, peach, grapes and other kinds of fruit grown in Southern California are produced here.

2000 ACRES OF HEAVY TIMBER FOR FUEL,

Which is sold from $1 to $3 a cord. An abundant supply of pine, cedar, spruce, oak, etc., on the adjacent mountains. Two saw-mills (capacity 20,000 feet daily); 1 planing-mill; 1 fruit box factory; 2 brick yards (2,500,000 burnt and laid up here in two years), price per thousand last season, $6 and $7. First-class limestone in an unlimited quantity.

EIGHTY-TWO ARTESIAN WELLS,

One of which flows 1,000,000 gallons ever twenty-four hours. River water is being conveyed in iron pipes to a 3000-acre tract of mesa land, suitable for most all semi-tropical fruits.

TWO HOT SPRINGS,

The curative properties of which are famous, and the baths are free to everybody.

A RAILROAD COMPANY HAS BEEN INCORPORATED

To build a railroad to San Jacinto, and a large subsidy has already been contributed, and it is certain the railroad will be in operation in a few months.

Artesian water is conducted through the streets in iron pipes, and into second stories of buildings.

A $12,000 BRICK SCHOOLHOUSE,

Graded schools, churches, brick blocks. This place has made, as we believe, the greatest growth of any place in Southern California, and has made the most improvements of any new colony in California in the last three years. Its altitude is 1400 feet above the sea. The population in 1883 was fifty persons, and in 1886 is about twelve hundred. No other valley in Southern California has so many advantages. Come and see for yourself and be convinced of this fact.

IVANHOE

700 ACRES

DIVIDED INTO ONLY

1400 LOTS.

Price of Lots, $150 Each. First Payment, $20.

Succeeding Payments $10 Monthly Without Interest.

The entire tract is beautifully situated, with a charming view, pure air and water and perfect drainage. The Ostrich Farm Dummy Railroad runs through the tract, with a five-cent fare guaranteed to and from the center of the city. This road will be completed to the tract July 1, 1887. Pure and abundant water piped through all the streets.

Size of lots, 50x150 feet up to 5 acres. The average size of lots, half an acre. The uniform price of these lots is placed at $150; first payment $20 cash, with succeeding payments of $10 per month, without interest. This is a splendid investment for a very small amount of money.

When $100 has been paid on each lot, the entire number of lots will be distributed among the purchasers, on the same plan as that on which the Childs tract was distributed.

This tract is situated upon the hills, which are rapidly becoming the most desirable residence portion of the city. The soil is a warm, sandy loam, free from frost, being in what is known as the warm belt. The elevation is such that the temperature is more even than in the city.

Free carriage to the tract every day from the office of the agents. Maps and circulars and all information can be had from

BYRAM & POINDEXTER, Managers,

TWO FRIENDS MEET.

"Hello! old fellow. What have you been doing to yourself? You look like a subject for the undertaker," exclaimed the man on the right.

"I have been taking mercury and potash mixtures until they have nearly ruined me," squeaked the old man on crutches.

"And I," said the other, "have been taking the genuine Swift's Specific, which has built me up from the first dose."

SWIFT'S SPECIFIC.

Nature's own remedy, made from roots gathered from the forests of Georgia. The method by which it is made was obtained by a half-breed from the Creek Indians, who inhabited a certain portion of Georgia, which was communicated to one of the early settlers, and thus the formula has been handed down to the present day. The demand has been increasing until a $100,000 laboratory is now necessary to supply the trade. A foreign demand has been created, and enlarged facilities will be necessary to meet it. This great

VEGETABLE BLOOD PURIFIER

The Mirror Premium Sewing-Machine.

$22.00 for a $75.00 High-Arm Sewing-Machine And The Weekly Mirror.

THE MIRROR

Perfect and Improved High-Arm Sewing-Machine.

For $22 this machine and WEEKLY MIRROR, postage paid, for one year.

This machine is the first of its kind ever offered the public at factory prices, and cannot be bought from agents for less than the regular selling price, $75. It is the high-arm pattern, has self-setting needle; cannot be run backward; has automatic cut-off for driving belt, which prevents it from being run backward, thus avoiding all dangers of breaking thread or needles. It is a noiseless, light-running machine, accompanied by an illustrated book of instructions that makes everything so plain and simple that any lady or child can master it. We call it the MIRROR HIGH-ARM SEWING MACHINE, and we warrant it to give full and entire satisfaction in every case, or it may be returned to us within ten days after the subscriber has received the same, if it fails to be as represented, at our expense, and the money will be refunded.

The above cut represents our HIGH-ARM MIRROR SEWING MACHINE, the very latest improved machine of the high-arm style; a complete embodiment of all the most recent improvements in sewing machine mechanism; a model selected by us after a careful and critical examination and test of the various machines in the market.

Having arranged with the manufacturers to supply us with these machines in large quantities for spot cash at or very near first cost, we can save our subscribers at least $35 on the price of each machine. As this is the first time a sewing machine of this character has been offered to the public at about manufacturer's cost, we feel confident our readers will promptly take advantage of this opportunity to provide themselves with first-class high-arm machines, which obtained in any other way would cost them almost three times the amount.

We could fill several columns expatiating on the merits of this high-arm machine, but to save the reader's patience we will simply say that it contains all the modern improvements, is strong, simple, durable, light-running and noiseless.

OUTFIT—Each machine is supplied with the following outfit: One Hemmer and Feller (one piece), Twelve Needles, Six Bobbins, One Wrench, One Quilting Gauge, One Screw Driver, Oil Can filled with Oil, Cloth Gauge and Thumb-screw and a Book of Directions. The following extra attachments are also furnished free: Ruffler, Tucker, Binder, Set of Wide Hemmers and Shirring Plate.

The regular retail price of this machine is $75. Our price with a year's subscription to the WEEKLY MIRROR is only $22.

Knowing the character of the machine and the high grade of material and workmanship entering into its construction, we have no hesitation in agreeing to return the money at once to any subscriber who is not fully satisfied on examination that our high-arm machine is fully equal to our representations, we paying freight on return of the machine.

CAUTION—Sewing machine agents will tell you, "Beware of Cheap machines." We tell you, buy the high-arm machine on trial, and if not satisfactory return it. No agent can sell you its equal for less than $75. Each part of the machine is fitted with such exactness that no trouble can arise if any part is broken, for a new piece can be supplied with an assurance of a perfect fit.

The High-Arm Machine is carefully packed and shipped by freight from Chicago.

Freight charges are to be paid at point of delivery by the subscriber.

Give shipping directions plainly, as well as the postoffice, address the paper is to be sent to.

☞ The LOS ANGELES DAILY TIMES—Any person desiring the Daily and this Sewing Machine can have the same by mail for $27.50 or by carrier for $30.

HOW TO ORDER.

When you remit us the $22 for the Machine and WEEKLY MIRROR one year, write plainly the point the machine is to be shipped to, as well as the postoffice the paper is to be sent to. The machine should be ordered to the nearest railroad point where the railroad company has an agent stationed, and the name of railroad station, the county and State should be stated. When $22 are sent for the WEEKLY MIRROR one year and the machine, the freight charges from the factory are to be paid by the subscriber at the point Machine is delivered to.

We would advise subscribers to order machine sent by freight, as the freight charges are about one-third to one-fourth of express charges; and while the time taken in the carrying of the machine is a little longer, they go just as securely and safely as by express. The machines will be shipped direct from the manufactory (Chicago), all set up ready for use. The money must accompany order. Address,

THE TIMES-MIRROR, CO., Los Angeles, Cal.
Call at Times-Mirror Office and Examine the Machine.

THE GOLD BRICK.

Further Notes—The "Express's" Fool Canard.

The publication by yesterday's TIMES of the remarkable "gold brick fake"—one of the most notable pieces of criminal news in a year—created a decided sensation. The importance of the matter lay less in the fact that the police captured the "gold" brick, after a most sensational hunt, than in the revelation that there is a coherent gang of 30 or 40 "artists" in all lines of criminal swindles and confidence games "working" the city. The Herald had an incomplete account, and the disastrous Tribune was teetotally "scooped," not having heard a word about what was all over town. The Express yesterday, sore at the "scoop," and lending itself to a grudge of a disreputable reporter, distorted the matter; and to cap it, made up a deliberate fiction out of whole cloth, alleging that a silver brick swindle had been successfully worked on an anonymous tailor, who was said to have paid $2000 for a bar of worthless pewter. The story is an entire canard, invented by a reporter, notorious in the past for crooked tricks, and designed to "back-cap" the police department in the interest of the toughs. No "silver brick" has been sold here, and none bought.

C. B. Huyett (pronounced Hewitt), the young Virginian who was first swindled out of $295, and then trapped the gold-brick swindlers, is still on the lookout for "Johnson," the man who had the brick. Paul Clement, the ventriloquist with "Indian Tom," was arraigned before Justice Austin yesterday on a charge of obtaining money under false pretenses. Huyett positively identified him as the fellow who played "the fool" at Washington Gardens last Friday night, and robbed him of $295 by the "pigeon trick." Clement's examination was set for this morning, and he was put under $500 bonds, which Indian Tom furnished. Indian Tom, whose real name is Thomas B. Hill, called at THE TIMES office last night and denied that he had any connection whatever with the gang of swindlers, or that he had been arrested. As to his ventriloquist, he says he can prove an alibi and that the lad is simple. He says that he was around the faro games playing, and saw Huyett, but was in no wise concerned with any crookedness.

It has been learned that the "fool," who robbed Huyett of $295 at Washington Gardens a week ago tonight, played the same "pigeon" game successfully at Santa Monica two weeks ago, getting a sucker's watch and $5 thereby. A complaint for this offense has been sworn out.

Officers Dan Lynch and Fred Smith last night arrested a sport recently arrived from Santa Ana, on suspicion that he was mixed up in the gold-brick game. He proved to be the wrong man. The police are doing their level best to catch the swindlers.

The United States Signal Service figures on the rainfall here for the season are as follows: October, .02 inches; November, 1.18; December, .36; January, .30; February (up to noon of the 16th), 9.22; total for the season to date, 10.88.

At the ladies and gents' parlors of the Carbolic Smoke Ball, rooms 3 and 4, over 28 North Spring street, Los Angeles, they give free tests in order to prove their assertions. Truly, it's a wonderful curative discovery for such diseases as catarrh, colds, asthma, etc. Send for testimonials of our best citizens.

Medical.

SPECIAL NOTICE

TO THE AFFLICTED.

DR. M. HILTON WILLIAMS

Continues to treat all the various diseases of the *Head, Throat and Chest*, including the *Eye, Ear* and *Heart*, by his new and complete system of *Medicated Inhalations*, combined with proper constitutional remedies for the *Stomach, Liver* and *Blood*, etc. Probably there has never been any system of practice so popular a one that has so completely revolutionized the system of medical practice as the Aerian or Inhalation System, for head, throat or lung affections. The cures effected are simply marvelous, and can be substantiated by the very best citizens of Los Angeles. During the past three years we have endeavored to be conscientious with our patients, and if, upon examination, we find, in our judgment, the case to be of an incurable nature, we unhesitatingly inform the patient or friends. We believe this system to be justifiable and are ready to condemn any physician who would do otherwise.

Below we give a sample of the cures effected by us.

LOS ANGELES (Cal.), Sept. 24, 1886.

DR. M. HILTON WILLIAMS—DEAR SIR: I have been contemplating for some time past making a statement of my case and the benefit I have derived from your treatment, remembering how glad I would have been could I have seen something of the kind from a person in the city to whom I could have referred, when I first came to Los Angeles from my home in New York State.

I had been suffering for several years with what various physicians in the East pronounced "chronic ulcerated laryngitis." I spent considerable time at the Clifton Sanitarium, and employed the best medical skill I could find, all without any permanent benefit, and, a last resort, our family physician recommended Los Angeles. For a time I improved, and then I began to go backward and all my former symptoms returned.

Through a medical friend I was induced to try your treatment, which I did August 29, 1884. I become very much discouraged at times, but persevered, as I felt almost desperate and knew of nothing else to turn to. My throat trouble, being aggravated by a serious stomach difficulty, made it very obstinate to deal with, but at last, after persevering for a time with the use of your remedies, I consider I am permanently cured. If this will be of any value to you, you are at perfect liberty to use it; also to refer any one to my mother, my husband or myself. Very truly yours, MRS. J. D. WILEY,
821 Olive street, Los Angeles, Cal.

RIVERSIDE, Oct. 17, 1886.

To the many testimonials won by Dr. Williams it gives me pleasure to add my own to the list so highly in his favor. For nearly two years I had been suffering from throat and lung trouble, brought on by catarrh. Had tried many remedies in the meantime, but found only temporary relief. After two months' treatment, prescribed by Dr. Williams, my cough left me altogether and I now have no pain in my throat or lungs as formerly. I cannot speak too highly of the benefits I have received and shall ever be grateful to one who is worthy of the highest recommendation.

Miss MINNIE H. HARRIS, Riverside, Cal.

NEWHALL (Cal.), Sept. 22, 1886.

Dr. Williams—DEAR SIR: I write to tell you how much I thank you for what you have done me. My catarrh and deafness, which have been a burden to me for so long a time, are entirely cured, and my general health so much improved that I feel like a different person. Thanking you again for your many deeds of kindness, I am respectfully yours,

Miss ANNIE RICHARDS.

LOS ANGELES (Cal.), Dec. 4, 1886.

Dr. M. Hilton Williams—DEAR SIR: I desire to let every man, woman and child know that you were instrumental in saving my life from that foul destroyer, consumption. I came to Los Angeles from Quincy, Ill., on the 20th of June, 1884. The very next day I began treatment. I was at that time afflicted with a large cavity in the upper lobe of the right lung, from which I had suffered over seven years, but, thank God, you cured me in 16 weeks' time, and now I am as well and strong as ever. Tell it to all. Yours truly, JAMES JESSOP, Quincy, Ill.

P. S.—I go home tomorrow.

Persons desiring treatment by this system of practice can use the remedies at home as well as at our office, and which will cause no inconvenience or hindrance to business what ever.

I have seen so many of these cases cured that I do not consider any case hopeless unless both lungs are seriously involved. Even then the inhalations aid us in dissolving the mucus and in contracting and healing the cavities, which nothing else can do with the same success. The very best references from those already cured.

CONSULTATION FREE.

Those who desire to consult with me in regard to their cases had better call at the office for consultation and examination, but, if impossible to do so, can write for a copy of my Medical Treatise, containing a list of questions. Address

M. HILTON WILLIAMS, M.D.,
275 N. Main st., Los Angeles, Cal. Office hours from 9:30 a.m. to 4 p.m.
